

PREPARATIONS FOR CAR tag license sales are being made by the County Tax Office employees. Scotty Parsons and Ferne Kiker check to make sure all tags are in order. Car license will go on sale Feb. 1 and must be on the cars by April 1.

RENTAL ON VOTING MACHINES

Failure To Advertise Nullifies Contract

Failure by the county to advertise for bids has nullified a contract for rental of voting machines.

District Attorney A.W. Lair Monday told commissioners court that its contract with Rockwell Manufacturing Company is illegal. The court contracted with that firm some weeks ago for lease of 30 voting machines at \$150 each per year.

The contract stipulates the rental fee would be applied to purchase price of the machines should the county later decide to buy them.

The court did not advertise for bids. Lair read specific law forbidding such a trans-

action without advertising for bids.

Commissioners immediately voted to advertise for bids. Commissioner Clarence Beckman has repeatedly expressed concern lest the transaction with Rockwell be found illegal after delivery of the machines. He opposed the contract at the time the court approved it on grounds that bids should have been taken on supplying the machines.

Lair told the court that individual commissioners might be liable should the error not be rectified.

A request by Bill Money, tax assessor-collector, for ra-

ises for employees was turned down by the court.

Money contended employees in his office are not paid as well as some other court house employees. Money asked for specific raises for specific employees. He did not ask for a blanket raise.

Commissioner Beckman moved to leave salaries of hired county employees status quo. The motion was seconded by C.Y. Johnson and was approved by the court.

Beckman said the "door is open" on considering a pay increase for any employee any time. "That's not the way it was last year," Money rejoined.

"You said the salaries were set at the beginning of the year and that was it."

There was a bantering verbal exchange between Money and Beckman.

"I'd like to see just some token raises," Money declared.

"I'd like to see a token decrease in taxes, too," Beckman replied.

Beckman also moved that salaries of elected county officials remain the same as last year. Johnson again seconded and the motion carried.

The court approved the hiring of Mrs. Billy Russell by the tax office to replace Mrs. Ferne Kiker, who resigned.

Contracts for supplying fuel for the county were let. There were eight bidders.

Griffin Oil Company of Canyon picked up the lion's share of the fuel business.

All four precincts will buy

City To File Tax Suits During February

City Attorney T. G. Hull, Jr. told City Commissioners Monday night he would begin delinquent tax suits against ten property owners shortly after Feb. 1.

Hull explained to the Commission that seven of the ten property owners are delinquent with their taxes with the county and nine of them are delinquent with their taxes with the school. He went on to tell the City Dads about a state law requiring all governmental agencies to file tax suits at the same time. He said he would contact the other agencies and file after Feb. 1.

The Commission praised Hull for his fine work in removing approximately 90 from the delinquent rolls by letters and personal contacts.

Hull also defined the city election code for April's poll. He told the group places 1, 2 and 3 would be open for election and the city must issue a notice of the election. Final filing date for the election will be 30 days before the election which will be Feb. 6.

A point of discussion was brought about because of a change in places. Former Mayor John P. Taylor resigned to move to Oklahoma and Mayor - Pro - Tem Delbert Lowes, who was elected to Place Five, moved to Place One as Mayor.

Lowes will automatically revert from Place One to Place Five the day of the election.

Collin Dunnam, regional director for the Texas Safety Association, spoke to the Commission about the "Annual Inventory of Traffic Safety Activities." He said the over-all traffic accident prevention in Canyon was weak, but the "apparent desire and determination of the City Officials indicate a more favorable report in future years."

He listed ten recommendations to strengthen the accident prevention program:

(1) A citizen safety organization be established.

(2) The Chief executive establish a coordinating committee of officials with traffic safety responsibilities.

(3) More adequate accident records be kept and the resultant accident statistics be made available to engineering, education and enforcement departments.

(4) A plan or schedule of future Traffic Engineering improvements be prepared.

(5) More complete records in area of Police Traffic Super-

West Texas Student Dies From Monoxide Poisoning

Funeral services were held for Mrs. Rebecca Ann Finnium, 20-year-old music student at West Texas State College, Tuesday afternoon at three o'clock in the LaGrone Funeral Chapel in Canyon.

Burial was in Llano Cemetery and was conducted by Rev. John Lars Hamerson.

Mrs. Finnium was found dead in the bathtub of her home, which is located one block east of Canyon on the Palo Duro Highway, early Sunday morning by her husband, Robert. An autopsy revealed she died from carbon monoxide poisoning.

Justice of the Peace Bill Wilson said her husband had returned at 3 a.m. from Pampa from playing at a dance. Wilson said Robert Finnium found the doors locked and he had to climb through a kitchen window to get into the house. Once inside, Robert heard water running in

the bathroom and he found the bathroom door locked. He kicked the door open and found his wife dead in the bathtub.

Wilson set the time of death

at 11:30 p.m. Saturday. Investigating officers speculated Mrs. Finnium was watching television and went to the bathroom to wash her hair. The TV set was still on and they believe the open-flame heater in the living room had burned all the oxygen out of the air and when Mrs. Finnium washed her hair, the heat from the water circulated the blood and caused carbon monoxide poisoning.

MRS. FINNIUM

Mrs. Finnium was born April 21, 1941 at Phillips. She was a senior music major at WTSC, a member of the Chi Omega Sorority, Alpha Chi, a national honor society, Mu Phi Epsilon and Tau Beta Sigma, both music societies and the WTSC band. She was a member of the First Presbyterian church in Borger. She was Ted Crager's secretary at the

Final MOD Drive

Mother's March Planned Tuesday

The final drive for the March of Dimes is scheduled to begin Tuesday night at six o'clock when the Mother's March begins for Canyon.

This will be the fifth annual Mother's March in Canyon and will last until nine o'clock. A call for 100 volunteers to wear the Golden Key in the door-

to-door Mother's March went out this week by Chairman Barbara Wirt. She said the Golden Key symbolizes the need to unlock doors to new triumphs in medical research over crippling diseases.

"Funds we have raised in the past helped the National Foundation provide medical studies that gave us two successful polio vaccines and we can do it again for birth defects and arthritis which disable more persons than polio ever did," she said.

Those wishing to help with the Mother's March can do so by phoning OL5-4040 or OL5-2521.

This year the Mother's March is being sponsored by the Jaycee-Ettes along with the Canyon Home Demonstration Club, Edgetown Demonstration Club, V. F. W. Auxiliary, Junior Women's Study Club, Chi Upsilon chapter of the Beta Sigma Phi and the Canyon Study Club.

Mrs. Wirt said the Mother's March is for anyone who wishes to help by contributing her time for three hours. She said the Mother's March would organize at Southwestern Public Service and this would be their home base.

She said coffee and cookies will be supplied by the Jaycee-Ettes for the workers.

Marchers will leave envelopes at the homes if they miss the owners and the envelopes can be mailed in with MOD contributions.

During this week, MOD Chairman Wayne Wirt said elementary school students held their drive and it would be Friday before complete report can be made.

However, Wayne Wirt said the Coffee Day brought in \$105.50 from five Canyon businesses. The Pharmacy topped the Coffee Day contribution with \$31. Canyon Drug and Don's Cafe had \$28, while the C&M Cafe received \$10 and the Village Drive-In had \$8.50.

Chairman Wirt said the Canyon Drug had collected a total

THESE MOTHERS will be part of the large group of marchers Tuesday night from six to nine o'clock in the final drive of the March of Dimes campaign, The Mother's March. Ringing the door-bell is Mrs. Delbert Turk while Mrs. Charles Marshall watches.

PROMOTING GROWTH AT WT

CC Underwrites Plan For Teacher Meeting

Canyon Chamber of Commerce has underwritten a plan to bring high school counselors and principals to the West Texas State College campus for a visit early this spring.

The board voted \$375 to be spent for this program and to place an ad in The Texas Outlook, a Texas teacher publication.

This move was a part of an overall effort by the Chamber of Commerce to help promote growth at WT.

Principals and counselors will be shown the campus in hopes they will be enough impressed with WT's offerings to influence some of their students

to enroll here.

Board action came at a regular meeting Monday night.

Huelyn Laycock told the board of some of the things being done to promote enrollment at the college.

Laycock is a member of the Chamber board and also is a director of the department of public information at the college.

He said Bill Lee of the journalism department is publishing a brochure to be sent to high school seniors over this area.

The college art department is putting out a leaflet and the business department is preparing something similar.

The art department is preparing several hundred posters which may be placed on high school bulletin boards over the area. An ex-student publication in February will advertise the college.

The Prairie, college newspaper, will feature the summer school in one edition this spring. Bruce Blackaby's Highway Committee will contact the State

Highway Department in an effort to get better traffic controls at the intersections of 15th Street and Hereford Highway and 11th Street and Hereford Highway. Chilli Smith, of the Highway Department, and city officials will be asked to meet with Chamber representatives to discuss this matter in the near future.

Chamber President C.P. Vaughan appointed various committees this week.

T.A. Black is chairman of the membership and finance committee. Other committee members are Joe Gidden, Jerry LaGrone, O. P. Cowart, Huelyn Laycock, Clark Jarnagin and Bill Griffin.

Joe Gidden is chairman of the industrial development committee. Committee members include Jerry LaGrone, R.B. Allen, Don Standley, Jim Christopher and Johnnie McBroom.

R.B. Gist, Jr., is chairman of the agriculture development committee. Others on the com-

Hinders' Holstein Sets New Record

A registered Holstein cow owned by Louis G. Hinders, Canyon has shattered an all-time Texas butterfat record in the official Herd Testing programs of The Holstein-Friesian Association of America.

The national Holstein organization reports that Palo Duro Pica Star 4634372 (GP), established a new high for Junior 2-year-olds milked three times daily.

Her official 365-day production totalled 17,368 lbs. of milk and 720 lbs. of butterfat. Weighing and testing were supervised by Texas A. & M. College working in close cooperation with the national Holstein organization.

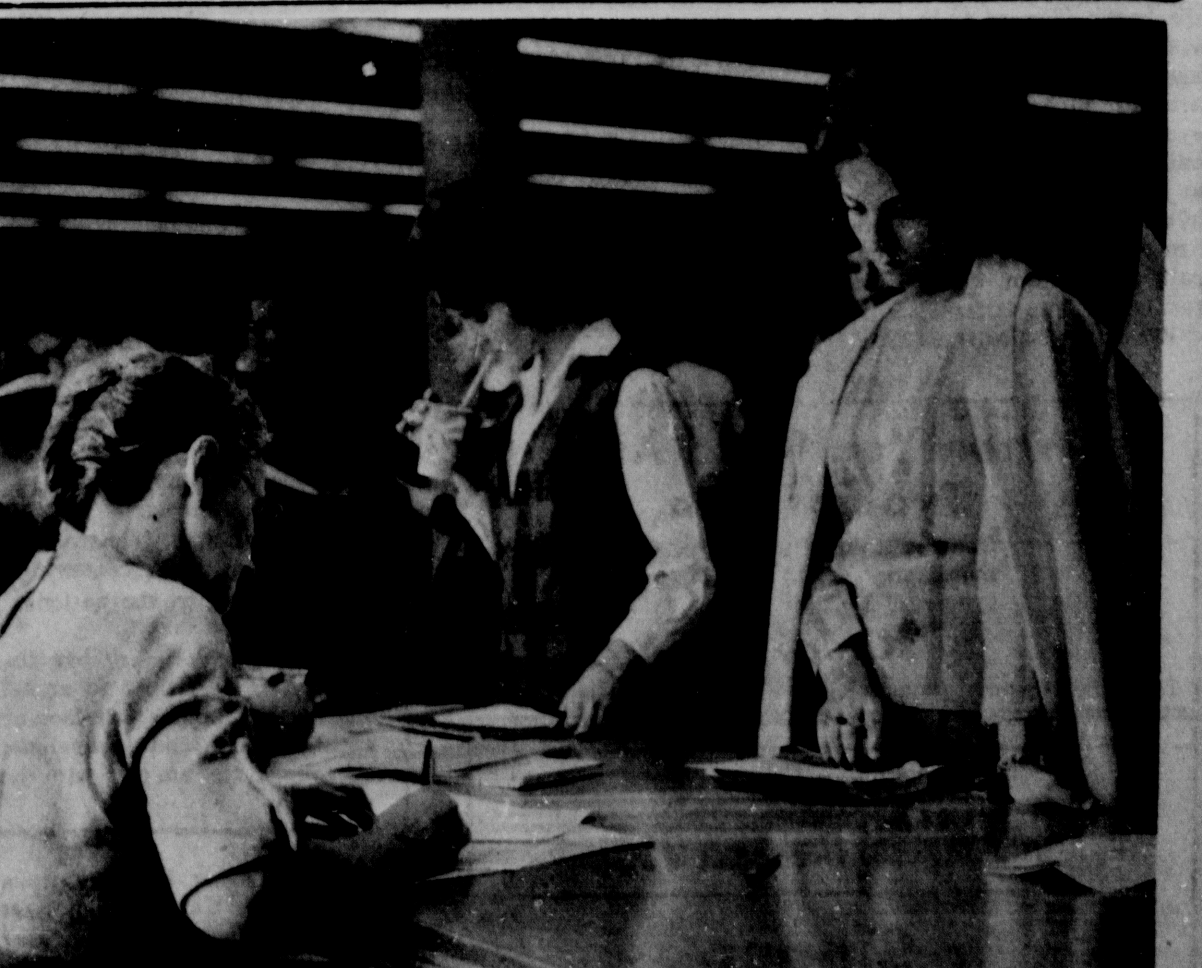

Palo Duro Pica Star was bred in the herd of her present owner. She is a daughter of Ueda Pica Prince 1121706 (VG)

Scouts Sell Light Bulbs

Explorer Post 66 will complete the light bulb sale begun here some weeks back by the Junior Chamber of Commerce.

Scouts will be knocking on doors Saturday offering light bulbs for sale. Funds will be used for expenses of the post.

The Scouts will offer an assortment of eight bulbs for \$2.00. Retail value of the bulbs is \$2.12.

COLLEGE REGISTRATION is always one of long lines, mixed-up schedules, and forms to be filled out. Sandra Blythe of Amarillo is checking to see if she can register in a class. With all this hustle-bustle, most students want to pull out what hair is left after a day at registration, but one unidentified co-ed is taking life easy as she sips a cold drink during this tiring time.

CANYON RIM

By Troy Martin

Last Friday morning's Fort Worth Star Telegram has intimated that J. Everett Haley, Jr., will be a candidate for Texas agriculture commissioner.

Haley's friends have said the young Canyon rancher will run on a platform with a single plank: "A vote for Haley is a vote of non-confidence in the Kennedy-Freeman farm program."

Haley has a record of opposition to regimentation. His candidacy could be useful only to serve notice to Washington agriculture planners that they have opposition from the ranks of the industry itself.

We believe the cause of free agriculture which Haley espouses is a just one. Haley is a fairly good public speaker. If he will calmly and coolly present the facts to the people of Texas, he might win even against the overwhelming political machinery which almost certainly will be wheeled up against him.

Joe Currie loaned the Canyon Jaycees a jenny to be used in the live Christmas pageant. We're told the jenny now has a new baby—born on Christmas morning.

Jerry LaGrone has been to a meeting of the Texas Funeral Directors Association board of directors in Dallas. He returned home with the hair-raising information that civil defense officials who spoke to that group accept as a settled fact that this country will be hit with a nuclear attack in the not too distant future.

He said these people believe the country will pull through with only about 10 percent casualties.

When I hear things like this, I have the feeling that I may have picked an unfortunate time to be born.

A lot has been written in the past about conservatives and liberals.

I believe in a system under which a man may enjoy the fruits of his own labors with a minimum of interference from government. If this makes me an ultra rightwinger, then that's what I am.

I do not believe in such an uncontrolled system that one monopolistic group can control the banks, newspapers, television stations, radio stations and truck lines of any large area. I do not believe in any system -- whatever it may be called -- that puts the masses at the mercy of a few. Such a system is not in keeping with American ideals whether it is called socialism, communism, fascism or capitalism.

When any group makes a move

to control ALL these facilities in a given area the free people of that area have every right to become alarmed lest they lose their economic freedom if not their political freedom.

My friend, H. M. Baggally, editor of The Tulsa Herald, noted in his column last week that he was "disappointed in his friend, Troy Martin, editor of the Canyon News." H. M. was referring to our comments on a speech by Congressman Walter Rogers.

I have news for you H.M. Our political views are so poles apart that I'd be disappointed if you weren't disappointed.

gasoline from Griffin. Premium gasoline will cost the county 16.15 cents per gallon and regular 13.5 cents per gallon. Precincts 1, 2 and 3 will buy diesel from Griffin at 11.25 per gallon.

Precinct 4 will buy diesel from Pangburn Oil Company of Amarillo at 11 cents per gallon.

All four precincts will buy oil from Gulf Oil Corporation at 52.75 cents per gallon.

The court voted to put \$200,000 on time loan subject to need at Canyon First National Bank. The money will be split into lots of \$50,000 each for investment so the county can draw down part of it without disturbing the remainder and thereby earn the maximum interest.

Interest rate on the money ranges from 1 percent for time loans from one to 90 days up to 4 percent for cash left on loan for a year or more. County officials hope to draw 4 percent on most of the county's investment.

The county this week received a check for \$150,000 from the U.S. government on maturity of some 90-day treasury notes. The county had invested \$149,166.00 which earned \$834 interest.

Cummings said \$100,000 of the amount is from the road and bridge fund, \$25,000 from the general fund and \$24,166 from the court house and jail fund.

Members of the court discussed the possibility of asking that 25 or 30 sections of Randall County farm land be taken out of the High Plains Water District.

The water district is set up for the irrigation belt. A tax of 5 cents an acre is levied by the water district. The land in question is dry land.

Commissioners will set tax rates at a meeting the second Monday in February.

Letters To The Editor

With the absence of any mention of Walker on Page 1 this past week, I seriously debated renewing.

Fletcher (Sims)
(This is a local newspaper. Since General Walker spoke in Amarillo, we did not feel it our obligation to staff it. Hope this is a satisfactory explanation. TFM) PS: Thanks for the renewal, Fletcher.

Dear Mr. Martin,

The Canyon Jaycee-Ettes want to thank you for your cooperation and the publicity you gave us on our nativity scene. We really appreciated it. Thank you again.

Sincerely,

To the Editor:

Our recent exposures to such vivid and heroic Americans as Robert Welch, Dean Manton, Tom Anderson, General Walker, and Farmer Schaeffer have left me saturated with a desire to be "one more for America." Unfortunately opposing forces have filled my mental capacity with their ideology until the assimilation of all the facts leads to some confusion.

Nevertheless, let me be "one more for America." Recently I committed an almost treasonous act by weakening our national economy. It wasn't intentional, nor malicious, just unfortunate that my small bunch of calves failed to make money. With a desire never to weaken the national economy again, I have made some investigations into why there was no profit in cattle, and subsequently have found the cattle industry to have some un-American tendencies.

There is a feeling among cattlemen that they can pay the excessive price for wheat pasture. Pasture is of necessity smaller because of the government lay-out program which encourages the farmers to be better Americans and lay-out up to forty percent of their wheat allotment for a monetary reward of from ten to fifty dollars an acre.

Disheartening to the cattleman is the farmer who as a good American is designating his soil bank acreage, as it matures at the end of five years, as maize lay-out. These good Americans are rewarded by their government by roughly a 50 percent payment increase per acre.

I will lead the way for cattlemen to be "one more for America." Undoubtedly the only solution for us to keep from weakening the national economy by our not making money on cattle is to not handle any cattle. May I suggest that the government's reward for my not handling cattle be about \$10 per head, and that they put me down to "not handle" one thousand head next year.

Defense Class Meets Tonight

Fallout shelters, chemical and biological weapons will be discussed this evening when the Civil Defense Class meets at 7:30 in the Homemaking department at Canyon High School. Leon Bagley and Ed Dwyer will instruct the group.

On Monday, January 29, and Thursday, February 1, Bill Sternberg, L.S. Johnston and Bill York will talk concerning Civil Defense on the national, state and local levels.

All persons who are interested are invited to attend any of the classes, whether or not they can attend all sessions, or wish to enroll with the groups.

Mr. and Mrs. Raymond Hays have been in Canyon for the past week visiting in the homes of her sister, Mrs. Hosea Foster, and her brothers, Larry Holman and L.H. Holman. The Hays are enroute from Tucson, Arizona, to Colorado where they will make their home.

Dear Troy,

Honestly, I am in favor of a strong two party ticket in the southern part of the United States. I have talked about such a possibility all thirteen years I have lived in Alabama and Texas. However, I am deeply disturbed by the candidate the Republicans have chosen to represent them to challenge Walter Rogers, our representative in the Congress of the United States.

I plead with Mr. Jack Seales, who admitted his membership in an "ultra right-wing group" to come out with some statements that will show that he is a "responsible leader."

I put these above quotes from the following new item taken from the Amarillo paper below: "Whittier, Calif. (UPI)---

Richard M. Nixon observed his 49th birthday Tuesday by leveling political jabs against extremist groups which he labeled noisy "crooks and crackpots."

During a Chamber of Commerce banquet, the former vice-president said political factions of both the right and left had far greater influence "than their number because they are so active and so noisy."

He indirectly answered charges lodged Monday by Democratic Gov. Edmund G. Brown. Brown said that Nixon failed to join the fight against the "ultra right right wing."

"Both major parties need responsible leadership that will avoid extremes of the far left and far right," said Nixon, a GOP candidate for California governor.

Surely the intelligent men and women of the Republican persuasion in the Panhandle who voted so strongly for Richard M. Nixon in the last election can find a candidate who approaches the competence of Walter Rogers even if he cannot surpass Mr. Rogers' particular competence and sanity.

Sincerely yours,
Elizabeth V. de Schweinitz

Eddleman is charged with driving while intoxicated and his bond was set at \$500. Both have posted bonds.

Hilltop Views

BY DR. J. A. HILL

(Continued from last week)

In voting for Hoover I had no intention of leaving the Democratic Party permanently. I considered Hoover a really great, true American. I still so regard him. I had long been disgusted with Tammany politics. Really, I considered it un-American, and I still do. There is no place in a republic for bosses and dictators, whatever their kind and wherever they operate.

Moreover, integrity in both public and private life is a basic element of good citizenship in a free society. Al Smith may have had it for all I know, but the crowd he ran with in New York did not have it.

Finally, I shall not deny that Smith's advocacy of repeal of the prohibition amendment was a major factor in turning me to Hoover. I was convinced then and I am convinced even more now that the prohibition amendment to the constitution was a wise and just one and that its repeal was a tragedy multiplied a thousand times every day since.

It is a strange but indisputable fact that millions of Americans voted for repeal because they were convinced that prohibition did not prohibit. It seems never to have occurred to them that few of our laws are very well enforced. Prohibitory laws of all kinds--theft, robbery, murder, rape, tax and traffic laws and what have you--are violated hundreds of times every day, but we don't repeal them because a free society must stand up straight against evils that would destroy it. The alternative is anarchy. And how much better is law observance today than before repeal? When Hoover took office in January 1929 "the goose hung high" and Wall Street financial experts assured us that they had the formula for perpetual prosperity. Hoover agreed. But on Oct. 29 thereafter the bubble burst and the greatest depression in American history was on. Hoover and the economic royalists couldn't handle it. In the next presidential election (1932) the Democrats swept Franklin D. Roosevelt into the presidency by an overwhelming majority. I voted for him.

Most of us remember the terror of the 1930's. Besides the financial debacle the Plains States had the worst drought in history. Emergency conditions prevailed everywhere and emergency measures were necessary. Roosevelt and Congress inaugurated a New Deal--a series of policies and measures that were somewhat revolutionary in character. The people accepted them because it was that or worse. Many expected the Roosevelt revolution to be temporary. Others were burnt out with the Old Deal, which had directed the government most of the time for 10 years.

The New Deal brought about a redistribution of wealth for the benefit of the unemployed and distressed masses. It also reduced the political power of northern and eastern plutocrats and vested control of government in a bureaucracy of the President's own creation.

The masses re-acted favorably to these changes and re-elected Franklin D. Roosevelt three times. The Bureaucracy mushroomed and the power of the Executive branch of the government increased out of all proportion to that of the other two branches. This trend was augmented by an informal alliance of the powerful Union Labor organizations with the Democratic Party. The management of labor soon became as dictatorial in politics and industry as the management of capital had ever been.

Then came World War II which seemed to compel further centralization of the federal government, as wars usually do. It is very difficult if not impossible for de-centralized authority to win a war. That is why this republic was at a disadvantage in the beginnings of both World Wars. In each case we were fighting a highly militarized despotism. Inevitably our government took on some of the aspects of the thing it was fighting.

Though the founder of Republicanism, Alexander Hamilton, was a staunch advocate of centralized power and had no confidence in popular government twentieth century Republicans and conservatives generally have lost no chance to denounce the centralizing trend since the beginning of the New Deal. (That is, except the eight years they were in power.) Although Franklin Roosevelt, with whom I often disagreed, has been in his grave nearly 17 years so-called Conservatives are still searching the dictionary and the lexicon of profanity of new denunciatory words. No doubt about it, Franklin D. had feet of clay, but I wonder where we would have been without the New Deal or its equivalent. I do believe, however, that the time has come when the permanent welfare of this country demands a careful, thoroughgoing, non-partisan honest to-goodness investigation of our bureaucracy, including a report to the nation.

visions be maintained.

(6) A written set of rules governing procedures in traffic cases be prepared for the guidance of the court and all persons having to attend the court.

(7) The judge participate in one of the regional traffic court conferences held at various law schools.

(8) The supervision of all safety education activities in the school system be the responsibility of one qualified school person.

(9) A student accident reporting system be established in the schools.

(10) A program of public safety education for traffic be developed.

Dunn said "Canyon did not make a good showing in this, your first, annual inventory of traffic safety activities in comparison to the other 278 cities of similar size and traffic problems. Your challenge for next year is not so much a one of seeing how much you can out-do the other cities as it is one of seeing how much your own total program will be improved over this year's 33 per cent performance."

Other business the City Commission discuss was the opening of bids for street paving which will be held Monday. They decided not to give a decision on bids until they had an adequate time to go over them.

The Commission told City Manager Bill York to work out whatever agreements he could with C. L. Barnes, a contractor

for salvage at the city dumps.

The City Commissioners wanted more information and delayed action until the next meeting on a request by R. W. Thompson to keep a cow and a calf within the city limits.

City Manager York was authorized to work out with the consulting engineer Bill McMorris a practical method of getting proper water pressure to an area between Fourth and Fifth Avenues immediately east and west of 23rd St.

Hull was instructed to draw up an agreement concerning the Money Addition and have it ready for the next meeting.

Eagles Whip Friona In District Contest

Canyon's Eagles dragged through the Friona contest Tuesday and gave the Chiefs a 55-31 beating.

After the initial quarter, the Eagles played so-so basketball. The reason for their playing sloppy the rest of the game was their commanding lead of the Friona Chiefs. At the end of the first period, the Eagles led 11-1 and at halftime the scoreboard read 22-8.

During the first half, the Eagles hit only 28% of their field goal shots, but improved their FG shooting the second half to 39%.

Too scorer of the game was Bob Begert who made 15 points, seven field goals and one free shot. Warren Rutherford bagged nine points for the second top scorer for the Eagles.

It took two minutes before anyone scored and Begert made the first point of the game with a free throw. One minute and thirty seconds later, Begert scored with a short jump under the basket. Warren Rutherford hit a jump shot and Ronny Harris made a set shot to give the Eagles seven points before the Chiefs scored.

The rest of the game was slow until the second team was sent in.

Coach Allen Simpson played two of his sophomores during the first half of play and with 3:15 left in the game sent in his entire second team. The score was 39-21 at that time and the "scrubs" scored 16 points in the fading minutes of the game. However, they let the Chiefs score ten of their 31 points in this same three minutes, but the action picked up for the fans.

B Team Whips

Friona 48-19

Canyon's "B" team soundly defeated the Friona "B" team Tuesday night in a game played in Canyon by the tune of 48-19.

Canyon took the lead the first quarter 15-1 and then coasted to a victory against the weaker Friona team. At the end of the first half, the score read 23-7 in favor of the Canyon "B" squad.

The score was 40-15 at the end of the third quarter.

Don Breitling scored nine points to be high scorer for the Canyon team. Other top scorers were Eddie Poole, six; Don Rhoades, six; and Bobby Evans, six.

Coach Charles Chambliss played his entire squad and his starters didn't get much of a chance to play.

Friona Girl's Beat Canyon

Friona's fast scoring girl's team got a large lead the first quarter and won 53-31. Friona's girls team leads in the district with four wins.

The score at the end of the first quarter was 17-4 in favor of Friona and during the second quarter both teams scored with ease. Friona still lead 32-16.

The scoreboard read 42-23 the third quarter. Kathy Hinger and Lee Ruth Wiggins scored nine points apiece to lead the Canyon ladies. Bonnie Whittington scored five points, Kaydean Barnard, six; Ruth Purcell, two.

Mrs. Moore Services Held

Services were held Tuesday at 10 a.m. for a long-time resident of Canyon, Mrs. Edna Matney Moore. She made her home at 911 5th Ave.

Mrs. Moore died in Neblett Hospital Saturday.

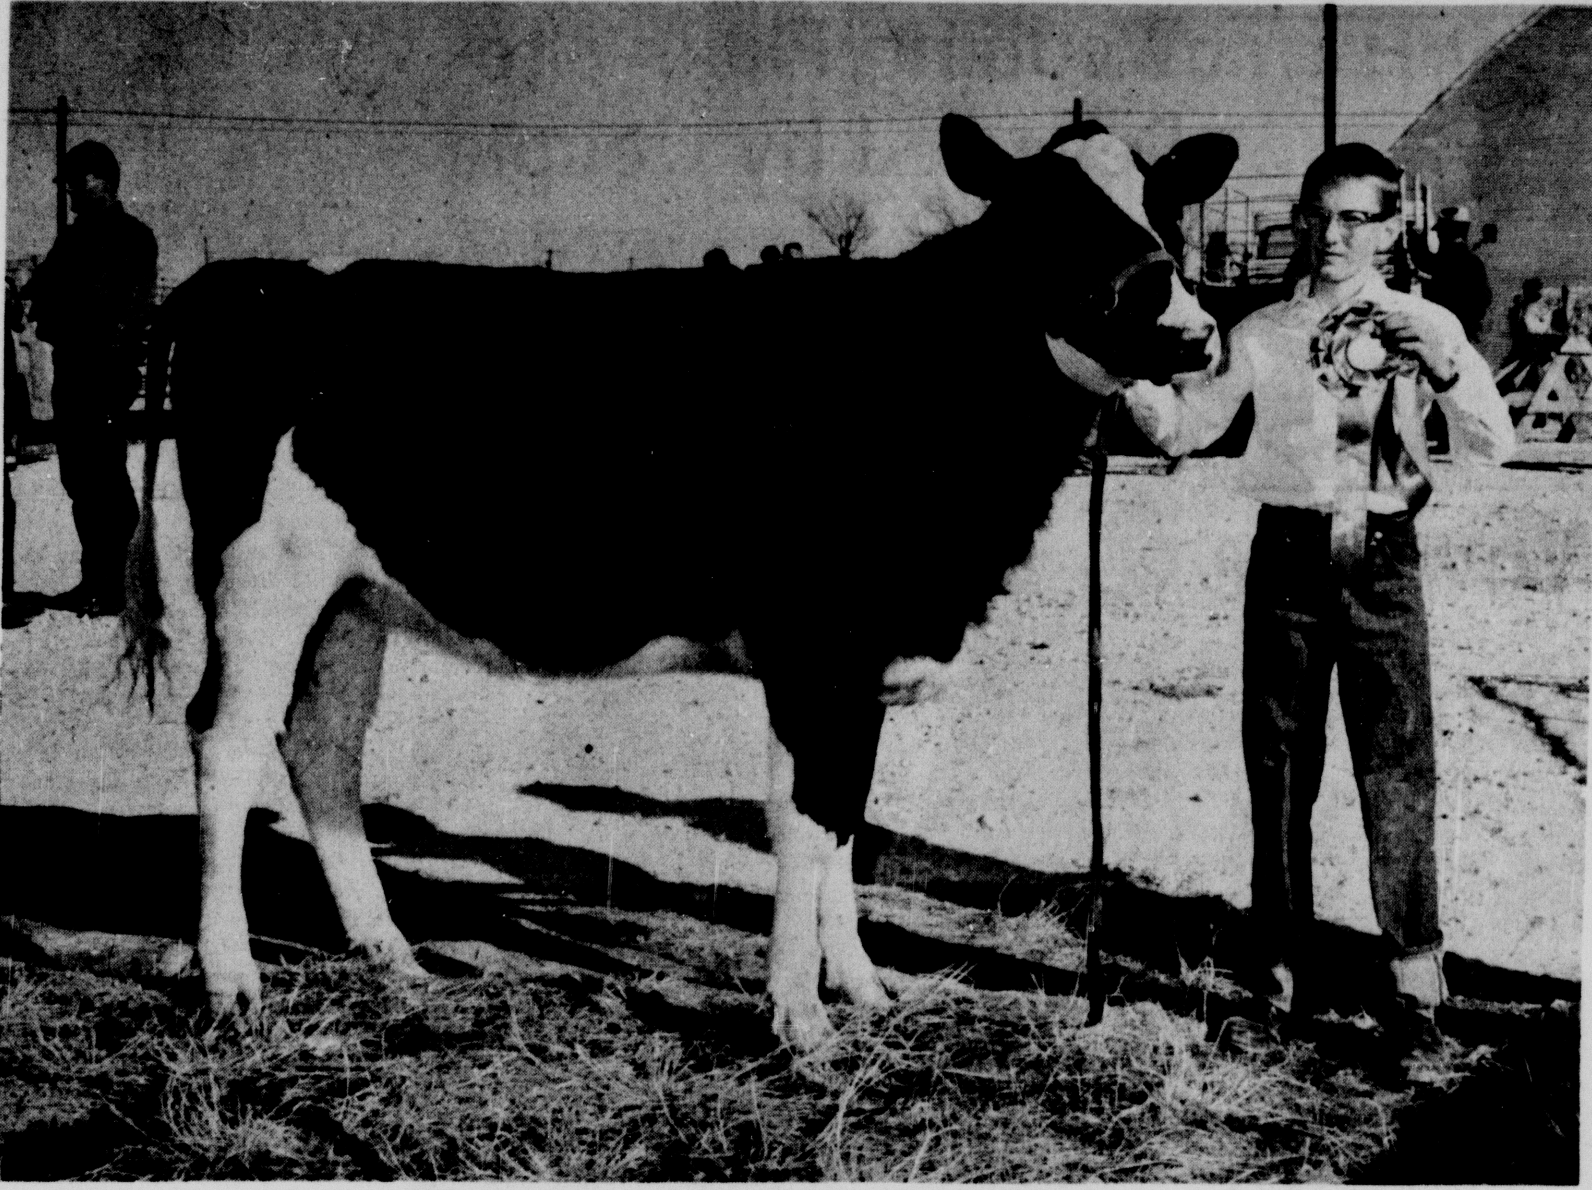

She came to Canyon in 1918 and was born in Cooke County June 25, 1878.

Burial was in Lieb Cemetery in Morse and the services were directed by LaGrone Funeral Home.

Rev. Newton Starnes of the Canyon First Methodist church conducted the services and he was assisted by Rev. George Stotts, Jr., a grandson of Mrs. Moore.

She was survived by five daughters, Mrs. H. E. Campfield, Canyon, Mrs. Roy Voorhees, Riverside, Calif., Mrs. Mary Wilkinson, Cottonwood, Ariz., Mrs. George Stotts, Cottonwood, Ariz., and Mrs. W. R. Greever, Spearman; three sons, Virgil Lee Matney, Amarillo, Roy M. Matney, Amarillo, and John T. Matney, Woodward, Okla.; four brothers, J. E. Miller, Morse, E. A. Miller, El Centro, Calif., George Miller and Ernest Miller, both of Oklahoma City; 27 grandchildren and 23 great-grandchildren.

The pallbearers, all grandsons, were Harry E. Campfield, Robert D. Greever, Roy M. Matney, Jr., Eugene S. Bonds, John Ray Plunkett, Jimmy Weatherby, Virgil Matney and Joseph Matney.

You seldom walk into a home that doesn't have an artificial flower arrangement. In the past few years the plastic industry has thought up many ways to reproduce as many flowers and vines as they possibly could and to make them appear as real as the true thing.

This artificial bouquet can be the color key to a room's decor. Start with a beautiful arrangement of special flowers of the type and color that you like the very best of all. Now draperies and slip covers can be planned from this bouquet. The wall coloring can also be chosen from this "center of interest" flower arrangement. Your paintings can have a dash of the same eye-catching color. Think what a pleasant surrounding could be obtained this way.

Some people like to pick up dry grasses and seed pods of wild plants to make their unusual bouquets. I found that limbs of a dry perennial sweet pea with the seed pods open makes an interesting arrangement. The seed pods turn into thin spirals on the vine. I sprayed mine dull gold. Pale Orange grasses would add to this bouquet since the vase is of dull orange. Turquoise and white are nice colors with the pale orange and the dull gold, a spray of deep blue or deep brown sparks the whole thing.

Perhaps you could plant a special flower bed this summer

with a collection of the decorating varieties of flowers and grasses. Burpee lists several suggestions for winter bouquets: Job's Tears is an annual grown for its grayish white seeds which are strung as beads. Briza maxima holds its panicles when dried and may be used alone or with dried flowers. Gourd fruits, when dried, are used for ornaments. Honesty is prized for its satiny, parchment-like partitions of the dried seed pods. Burpee also lists Acroclium, Gloriosa, Amaranth, Helichrysum (straw flower), Statice sinuata, Xeranthemum, Chinese Lanterns, and a mixture of Everlasting flowers and grasses.

The best method to dry flowers and Briza Maxima grass is to cut the material before it is fully developed and hang the head downward in a cool, airy, shady place. They should dry slowly and never over artificial heat.

Many of our natural tall grasses and seed pods may be used in their present state or sprayed with a spray paint to make a brilliant, vibrant arrangement.

Mrs. Nancy Waldron has returned from Newark, N. J., where she has been for a visit.

Sharon Ely of Amarillo, Sherman McCarter and Ronnie Kiker were Tuesday afternoon visitors in the Arvin Triplett home.

Services Held For Mrs. Bonnie Barrett

Funeral services were held Sunday at 3 p.m. for Mrs. Bonnie Forrester Barrett, a resident of Happy since 1931.

Mrs. Barrett died at St. Anthony's Hospital in Amarillo Jan. 19.

She was born in Casey, Ill. Jan. 28, 1907 and was a member of the Happy Baptist Church. Burial was in Dreamland Cemetery and LaGrone Funeral Chapel was in charge of the services. Rev. A. L. Swagerty of the Fieldon Baptist Church conducted the services and was assisted by Rev. Charles Kiker and Rev. V. D. Leeper.

She was survived by her mother, Mrs. J. O. McFarland, Happy; one sister, Mrs. B. R. Hollingshead, Lemon Grove, Calif.; and three brothers, Gwen McFarland, Wade E. McFarland and Murle L. McFarland all of Happy.

Lewis Harvey spent Friday and Saturday visiting in Portales, New Mexico, on business and in Seagraves with his mother.

Pallbearers were T. V. Colle, Don Magness, Jack Caddell, Harry Edmonds, Dozier Thornton and Lawrence Dirks.

Fat Stock Show Begins Friday

The clatter of hooves and the creak of wagon wheels will fill the streets of Fort Worth once more Friday, Jan. 26, as the traditional all-western parade signals opening of the 1962 Southwestern Exposition and Fat Stock Show, Jan. 26-Feb. 4.

The downtown parade, which will be televised, will start at 2 p.m. with approximately 2,000 horses and riders, bands, and horse-drawn vehicles forming the colorful procession.

Sheriff "Slim" Johnston will send four head of Appaloosa horses to the show by A. B. Gray. Dale Martin also attended the show but didn't enter any horses.

Piano Recital To Be Presented In Choral Room Next Sunday

PRESENTING A JOINT piano recital Sunday afternoon will be, standing, Mary Ann Wheelock and Judy Moudy; and seated, Judy Rhodes and Carol Brown. All are students of Mrs. Houston Bright.

A joint piano recital will be given by four students of Mrs. Houston Bright on Sunday, January 28, at 3:45 p.m. in the Choral Room of the West Texas State College Fine Arts Building.

The four pianists are Mary Ann Wheelock, Judy Rhodes and Carol Brown, all of Canyon, and Judy Moudy of Happy.

Superior and excellent ratings have been awarded all the girls for their participation in the West Texas State College Piano-Organ Competition Fes-

tival, held annually at West Texas State College.

Mary Ann has utilized her musical knowledge in many activities. She is one of the pianists for the First Baptist Church and was formerly pianist for Rainbows. She is a member of the Canyon High School Band, being a squad leader in that organization, and is fourth vice-president of the Canyon High School Future Teachers of America.

Carol is a member of the Presbyterian Church, the Canyon High School Student-Facul-

ty Congress and Rainbows, in which she has been an officer.

Judy Rhodes and Judy Moudy have been active workers in the Future Homemakers of America. Judy Rhodes is second vice-president of the Canyon High School FHA. Judy Moudy, the only junior in the group of sophomores, has been pianist for the Happy FHA.

The girls will play selections by several composers, including Hayden, Chopin and Bright. All interested friends are invited to attend.

Wedding Plans Are Revealed by Couple

PATRICIA GAYE FAWBUSH

Col. and Mrs. Andrew T. Fawbush of Miami, Florida, announce the engagement of their daughter, Patricia Gaye, to Ralph Henry Webb. He is the son of Mrs. Muriel Webb of Tulsa, Oklahoma, and C. Y. Webb of Marysville, California.

The couple plans a summer wedding.

Church Societies Schedule Meeting

The UMBARGER St. Mary's Altar Society and Christian Mothers Society will meet in the church basement, February 6, at 8 p.m. Hostesses will be Mesdames Dillard Shank, E. N. Reinart, and E. A. Stocker.

Special occasion cards and religious articles will be on display and for sale.

AAUW Scholarships Offered Women

AAUW Educational Foundation scholarships are being made available to women of this area. The program is designed for mature women college graduates, aged 35 or over, who have not recently been enrolled as students in colleges or universities and who have not recently been on the faculty of an institution of higher education. Anyone wishing additional information is requested to contact Mrs. Charles Harter, local chairman.

The applicant must reside in the eleven-state area in which colleges and universities are accredited by the Southern Association of Colleges and Secondary Schools. She is expected to plan a career in higher education.

The College Faculty Program will give financial support for a transitional year to qualified women who wish to re-establish themselves in the academic world.

Financial awards will include tuition and fees for full-time study and a grant-in-aid flexible according to demonstrated need. Announcement of award winners will be made on or before May 15, 1962.

The qualified applicant will pursue her studies in a graduate school of an accredited college or university within the eleven-state program area and within commuting distance of her residence. The graduate school will receive a cost of education subsidy for each student enrolled.

Application should be made to the College Faculty Program, 2401 Virginia Avenue, N.W., Washington 7, D. C. Qualified candidates will be nominated to the appropriate graduate school. Granting of awards is contingent upon acceptance of the applicant by the graduate school.

Barbara Bacon Is Honored At Party

Barbara Bacon was complimented with a cake party given Tuesday afternoon of last week at 3 o'clock in the home of Mrs. Bob Wilkinson. Barbara and J. Thomas Graham, Jr. were married in a wedding ceremony performed January 18.

Co-hostesses with Mrs. Wilkinson were Mrs. Foster Parker and Mrs. Don Singleton. The honoree was presented an electric mixer by the hostesses. A group of friends of the honoree attended the party.

Church To Have Youth Sunday

Clark de Schweinitz, Joe Whittington, Jr., and Davis Price will each give one part of a three-part sermon, at the 11 a.m. Sunday service at the First Presbyterian Church on January 28. Youth Sunday is being observed in all United Presbyterian Churches, and in many other churches as well.

Leading in the worship service, will be WAM Moore, Eugene Blasdel, Alex de Schweinitz and the members of the Westminster Choir, composed of High School and Junior High youth, directed by Mrs. W.R. Wilson. Misses Lou and Lillian Cowart will sing an offertory duet for the service.

Youth ushers for the service will be Jim and John Whinnery, Tim White, Dwayne Kiser, Steve Burgess and Skipper Moore. Mr. and Mrs. Borden Price, sponsors for the High School Fellowship, will be greeters for the service.

The High School Youth Fellowship, meeting at 6:30 p.m. on Sunday evening, will

Plans Made To 'Teacher of the Year' Crown Queen Is Nominated by Club

Plans were made for the crowning of the Valentine Queen when the members of Chi Upsilon chapter of Beta Sigma Phi met Wednesday evening of last week in the Girl Scout Hall. The Queen, selected from the membership of the chapter, will be revealed at the next meeting on February 7.

For the program, Mrs. Allen Simpson discussed, "Expressing Yourself," pointing out that special attention should be given to development of the subject, voice, vocabulary, platform presence, gestures and delivery.

Mrs. Ben Wade and Mrs. Jerry Johnigan were hostesses for the evening.

Present were Mesdames Joe Abbott, Larry Black, Jim Christopher, Gene Golson, Richard Henderson, Clifton Newberry, Troy Jordan, Roy Francis, Bob Henry, Phil Magnus, Bill Mayfield, Bob Brotherton, Charles Nester, Johnigan, Wade, Simpson, and Miss Virginia Rossiter.

Birthday Luncheon Surprises Honoree

Mrs. Raymond Tucek was surprised on her birthday, January 14, with a covered dish luncheon in her home.

Attending were Mr. and Mrs. C. W. Bauer, Mr. and Mrs. G. H. Leseberg, Mr. and Mrs. Lee Roy Bauer, Ricky and Cheryl; Mr. and Mrs. Loys Knox and Roxie; Mr. and Mrs. Norman Tucek, Vicki and Tommie; Mrs. Glenn Tucek, Misses Junell Bauer, Sandra and Gwen Neeley, all of Canyon.

Mrs. Wilma Knox and Boe Hollis of Amarillo; the honoree's mother, Mrs. Alvina Leseberg, and Raymond Tucek and family.

Palo Duro-Rusk Officers Named

New officers took charge of the Palo Duro-Rusk Home Demonstration Club meeting in the home of Mrs. Clem Dugan, January 16.

Assuming duties were Mrs. Douglas Marshall, president; Mrs. John Hare, vice-president; Mrs. Charles Conatser, secretary - treasurer; Mrs. Earl Reynolds, council delegate; and Mrs. Clem Dugan, reporter.

Present for the meeting were 11 members, who read and adopted club by-laws and constitution.

Selected to attend a basic sewing workshop were Mrs. Reynolds, Mrs. Hare, and Mrs. Herbert Gerdson, and Mrs. C. V. Wilkinson was named as delegate to a drapery workshop. Both workshops were held Jan-

uary 17, 18, and 19 in Canyon.

Mrs. Charles Conatser was elected as a nominee for the Home Demonstration THDA chairman. The chairman will be selected by the Randall County Home Demonstration Council.

Mrs. Wilkinson was nominated as a delegate to the district THDA meeting in Pampa April 12.

The program committee, Mrs. Reynolds and Mrs. Alvin Kuhlman, directed the members in filling out the club year-books.

Committee reports were given. Refreshments of fruit cake with whipped cream and coffee were served.

Next meeting was announced for January 23 in the home of Mrs. Conatser. Mrs. Virgil Davis was to present the program on the use of sewing machine attachments.

MRS. A. K. GOODMAN

Nominated as "Teacher of the Year" by the Sue Hite Club is Mrs. A. K. Goodman, third grade teacher in the Canyon grade school. Mrs. Goodman will be entered in the district contest, and upon winning there would become eligible for the state title.

Mrs. Goodman has taught for 21 years in the Canyon schools, and has 10 years previous experience before coming here. The Goodmans are the parents of two children, Kenneth, president of the Amarillo Abstract Company, and Mrs. Bryce Slack, a teacher in the Oakdale School, both of Amarillo.

Mrs. Oscar Hinger gave the invocation for the Monday afternoon meeting of the group in the Panhandle-Plains Museum. Mrs. Goodman read the club constitution, and Mrs. Billy Willingham introduced the speakers for the occasion.

Mrs. Hazel Walsh and Dr. A. K. Knott discussed the subject, "What We Saw in Europe." Mrs. Walsh gave the factual events of the tour, with statistics to explain the places they visited and the interesting things they saw.

Dr. Knott related his impressions of the people they met as they traveled through Europe. In his opinion, the peoples of Europe regard Americans as wealthy and bad mannered. They say that Americans have too many cameras, and they think that all Americans are Texans. The exception is Scotland, where the travelers found the residents to be both courteous and hospitable, according to the speaker.

Hostesses for the afternoon were Mrs. J. E. Flynn and Mrs. Joe Whittington.

Attending were Mesdames W. E. Miller, Henry Osborne, R. D. Wheelock, R. R. Rigsby, Burney Slack, R. C. Busted, A. H. Prichard, R. P. Jarrett, Jr., W. R. Wilson, O. L. Culberson, Lorenzo Wirt, D. M. Foster, Levi Cole, Oscar Hinger, A. C. Clark, W. F. Haggard, Mitchell Jones, R. F. Phillips, E. R. Reeves, Hatcher Brown, Sidney Burgess, Crews Henry, E. E. Perkins, M. B. Measamer, T. V. Crounse, T. J. Crager, Goodman, Walsh, Willingham, Whittington, Flynn and a guest, Mrs. Bill Holmes.

Lyon Family Visits Canyon

Mrs. and Mrs. Floyd Lyon and sons, Nathan and Kelley, were recent visitors in Canyon in the home of Miss Claudia Neeley. Mrs. Lyon is a former student of Miss Neeley's.

The Lyons are members of the Wycliffe Bible Translators in Peru, South America. They have spent much of the past five years at the Yarina Cocha Mission Base located in the north-eastern section of Peru at the headwaters of the Amazon River. Lyons is a pilot.

While in Canyon the Lyons spoke to several groups at the First Methodist Church concerning their work in Peru. They were dressed in native attire.

Discussion of "Family Unity" Is Heard By Canyon High School Homemaking Classes

TWO HOMEMAKING GIRLS, Patsy Thomas and Dorothy Grabbe, talk with Mrs. Clark Jarnagin when she discusses "Family Unity" with the Canyon High School classes.

Mrs. Clark Jarnagin was guest speaker for Homemaking Classes in Canyon High School on Thursday. "Family Unity," values, standards and problem solving were some of the questions which the students asked her. These subjects are objectives of work for Future Home-

makers of America.

Mrs. Jarnagin was firm with her answers and brought many ideas to the groups from her own experiences. She also explained to the girls that families differ in values and standards, and that each family must

solve its individual problems.

She expressed the opinion that if children were dealt with firmly and with understanding on the part of both parent and child, with plenty of love, that each child would develop according to his, or her, abilities.

PRESIDENTS OF the County Home Demonstration Clubs take over their duties in January. They are shown attending the Council which meets each month in the Farm Bureau Building. Left to right, are Mrs. Douglas Marshall, Mrs. C.W. Frye,

and Roses," "I Love Thee," and as the mothers were being seated, she played, "Indian Love Call."

Vows were exchanged before an altar decorated with jade greenery entwined along the communion rail, greenery and white candles accented the choir panels, and two fan-shaped candelabras adorned the choir loft. White cathedral candles with white chrysanthemums and gold leaves marked the aisles.

Miss Dianne Zackery of Pampa was maid of honor, and bridesmaids were Mesdames La Marr Ramsey of Plainview, Ray Lynch of Eldorado, Oklahoma, and Misses Carmelita Hogan of Pampa; Gail Ratliff of Haskell; Carol Bandy of Lubbock, and Wenonah Williams of Goodland.

The attendants were identically attired in burgandy satin dresses, with fitted bodices and bell-shaped skirts with cabbage roses at the waist. They wore pill box hats with circular veils of tulle, and slippers of gold leather. Their bouquets of white gardenias and split 'mums were carried atop white Bibles.

Dean Allen Hudson of Borger and Ronald Munson of Las Cruces, New Mexico, lighted the candles.

Best man was James Caldwell of Pampa, and groomsmen were Phil Phipps, and Virgil Phipps, both of Friona; Herbert Munson of Las Cruces, New Mexico; James Tarlton of Mule-

shoe, Dale Houlette of Levelland; and Jack Lane of Goodland.

Escorted to the altar and given in marriage by her father, the bride chose for her wedding a floor length gown of candlelight satin and antique lace fashioned with a neckline edged with lace and seed pearls. The fitted bodice came to a point at the waist, with long sleeves which terminated in points at the wrists. The formal skirt featured a bustle back accented with cabbage roses, and extended into a chapel train. Her veil of illusion was attached to a medallion crown of antique lace and seed pearls. Her pearl necklace was a gift of the bridegroom, and her bouquet of gardenias showered with satin streamers was atop the traditional white Bible of the Zeta Tau Alpha Sorority.

Following the ceremony a reception was held in Fellowship Hall of the church. The bride's table was covered with a cloth of white slipper satin with a roll of satin outlining the edge, and centered with an arrangement of white chrysanthemums, gold leaves and candles. Jade palms formed a background for the setting.

Mrs. Jack Cobb served the three-tiered heart shaped wedding cake, and Carolyn McLaughlin presided at the punch bowl. Appropriate music was provided by Janice Rector.

For the wedding trip, the bride traveled in a suit of red

silk, with white accessories and orchid corsage. Mr. and Mrs. Williams are at home at 107 21st St. Canyon, where both are students at West Texas State College.

Mrs. Williams was graduated from Pampa High School and attended Oklahoma State University at Stillwater, Oklahoma. Mr. Williams is a graduate of Three Way High School at Maple, Texas.

Out of town guests for the ceremony included Mrs. Earline Moreman, aunt, and Mrs. H. C. Hudson, grandmother of the bride, both of Canyon. Others from this city were Mr. and Mrs. David Matthis and family; Mr. and Mrs. LaMarr Ramsey, Mr. and Mrs. Jack Cobb, Mr. and Mrs. Winifred Cates, Mr. and Mrs. Wendell Robertson, Mrs. Madge Culbertson, and several members of the Zeta Tau Alpha Sorority.

Palo Duro Club Hears Program

Members of the Palo Duro Mother-in-law Club were entertained when they met in the home of Mrs. E.E. Plank Friday afternoon. Co-hostess with Mrs. Plank was Mrs. Rae M. Walters.

Mrs. J.C. McClendon gave the devotional, and a program on "News Items" was presented by Mesdames Leonard Winters, Lester Knox, Jeannette Robbins, George Barker, Win Matsler and Gladys Haines. Refreshments of cookies, mints, nuts, spiced tea and coffee were served.

Present were Mesdames Alice Black, Mae Johnson, Grace McDougal, Fred Marshall, Winters, Knox, Robbins, Barker, Matsler, Haines, Plank, Walters, and McClendon.

Guests were Mrs. C.L. Gordon-Cumming and Mrs. M.J. Noel.

Mrs. Robbins will be hostess for the February Valentine Party, with Mrs. J.C. Curb and Mrs. J.L. Hilgenfeld as co-hostesses.

1925 Bridge Club Meets Wednesday

Mrs. J. M. Daugherty was hostess to members of the 1925 Bridge Club when they met in her home Wednesday afternoon. Refreshments of pie and coffee were served.

Guests were Mesdames Hud Prichard, R.C. Busted, Hatcher Brown, T.V. Crouse, L.L. Jones, Iverson Leake, Milton Morris, John A. Williams, Glenn Dowlen, Ray McReynolds, A.K. Knott and Cecil Simms.

Randall County Home Demonstration Clubs Begin Thirtieth Year of Group Activities

Monday afternoon at 2 o'clock, the Randall County Home Demonstration Council met in the Farm Bureau Building to begin its thirtieth year of service to the women of the county and to continue its support of the many worthy causes in the community. Mrs. R.A. Hodges is serving her second year as Council Chairman. Mrs. John Plank is vice-chairman, and Mrs. D.L. Allison is secretary-treasurer. Mrs. Mona Hildreth is Randall County agent.

Ten clubs with a membership of approximately 140 women, from both town and rural areas, participate in Home Demonstration Club activities. They are represented in the Council by the president and a council delegate from each club.

These groups are: Edgetown Club, with Mrs. M.F. Abbott as president; Grand View, Mrs. George Bill; Greenhaven, Mrs. C.W. Frye; Highland, Mrs. John Plank; Jowell, Mrs. Aaron Cummins; Palo Duro-Rusk, Mrs. Douglas Marshall; Pleasant View, Mrs. Charles Wright; Sunnyhill, Mrs. O.O. Henry; West Side, Mrs. Ralph Ruthart, and Canyon, Mrs. Orville Weldert.

The Home Demonstration program of work emphasizes the study of clothing, food and nutrition, and home management. Other activities include citizenship, civil defense, family life, health and safety, and recreation. They have assisted in naming the farm roads.

Individual groups support the heart, cancer, muscular dystrophy, Red Cross and mental health programs, and join each year in the Mothers March conducted by the March of Dimes. During the past year Texas Home Demonstration women have contributed \$3,000 toward the All-Faith Chapels,

which they hope to build on the grounds of each mental hospital in Texas.

For the program this week, Mrs. Earl Reynolds led the group in singing the national club song, "Ever Onward", accompanied at the piano by Mrs. Marshall.

Mrs. Christler Crain reported that the Council had ordered folding tables for the Junior Livestock Building, and that the tables had arrived and had been presented.

Committee chairmen read the standing rules and recommendations for this year's club work. All were approved.

Mrs. Hodges appointed Mrs. Earl Davis, parliamentarian; Mrs. Lewis Tuck, Mrs. George Bell and Mrs. Max Bosley, Jr., exhibit committee; and Mrs. Charles Wright and Mrs. John Plank, gift and flower committee.

The Randall County Home Demonstration Council was organized in 1932. Two representatives, the club president and one elected delegate, from each of the eleven newly organized home demonstration clubs met in the district court room of the court house to direct the business affairs of the several clubs and to select various types of work to be carried on by the rural women in cooperation with the Texas A. & M. Extension Service through the county home demonstration agent, Miss Sadie Kate Bass.

The first officers elected for the Council were: Mrs. O.A. Rahlfs, deceased, council chairman; Mrs. Albert Byars, vice chairman; Mrs. Earl Davis, secretary - treasurer. Many members can count thirty years of active participation in home demonstration activities in Randall County.

West Side Club Plans Parties

Parties for the senior and junior boys and girls were planned when the West Side Home Demonstration Club was entertained in the home of Mrs. Ralph Ruthart Wednesday afternoon. A shower will be given for the West family who lost their trailer house in a recent fire.

Mrs. Ruthart presided at the short business session, and Mrs. Virgil Davis demonstrated the many uses of sewing machine attachments.

Mrs. T. J. Myers will be hostess for the next meeting, February 7, in her home.

Refreshments were served to Mesdames Mattie Bourn, Lewis Tuck, Dick Barrett, Radford McKay, Ray Metcalf, R. A. Burrus, T. J. Myers, J. C. Ward, Ed Bourn, Frank Cornett, Paul Glover, Lewis Harvey, Ruthart, and a guest, Mrs. Harley Burrus.

Anniversary Dinner Given in Cooke Home

Mr. and Mrs. R. N. Cooke celebrated their twenty-ninth wedding anniversary with a dinner in their home Sunday. Members of their family were present for the occasion.

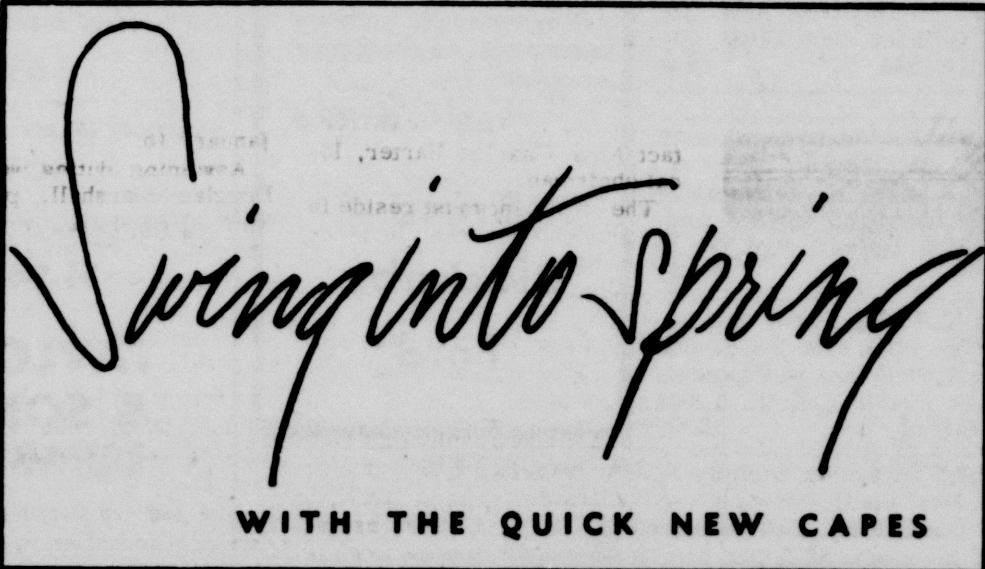

Present were two daughters and their families, Mr. and Mrs. Don Hampton and daughter, Donna, Amarillo, and Mr. and Mrs. John Anderson of Canyon: a daughter, Carolyn, and a son, Robert, also of Canyon. Also guests were a niece, Mrs. Shirley Payne, and her daughter, Linda.

School Census Ends Jan. 31

School census must be completed by Jan. 31, according to Lee Foster of the school tax office.

Foster said children who will have reached 6 years of age and who will be younger than 18 as of Sept. 1 of this year must be enumerated. He urged parents of children in this category to contact his office on the ground floor of the court house.

Mrs. Truitt Fields of Groom has returned to her home after a visit here with her daughter and her family, Mr. and Mrs. Richard Pruett and children.

Mr. and Mrs. J. R. Parker and son, Jimmy, recently visited with relatives in Marshall.

Simpson Announces Candidacy

"Until some of us are willing to get into government and make it work, we ought to stop talking against the mistakes it makes."

This is the basis on which J.M. (RED) Simpson made an announcement that he would seek the 94th Floterial District seat in the Texas Legislature.

The 94th. Floterial includes Armstrong, Carson, Randall and Potter Counties.

Simpson will stand for nomination by the Democratic Party in its May primary.

"The four counties need a representative who will serve all of the people, showing an interest in special groups," he said.

Simpson stands on his record as Amarillo city commissioner for six years, being the only holdover member on one change of Administration.

"There is no better way to learn the needs and desires of citizens than at the local level of government. A state is only as strong as its communities, and to build good local government certainly lays the basis for good State government," he said.

Simpson was born in West Texas in Swisher county (Tulla) and has lived here all of his life. He came to Amarillo as a boy and was graduated from Amarillo High School, later attending the University of Texas.

He returned to Amarillo in 1929 as an employee of the Gulf Oil Corp. He entered the tire and service station business in 1935 and entered the wholesale oil and gasoline business in 1941.

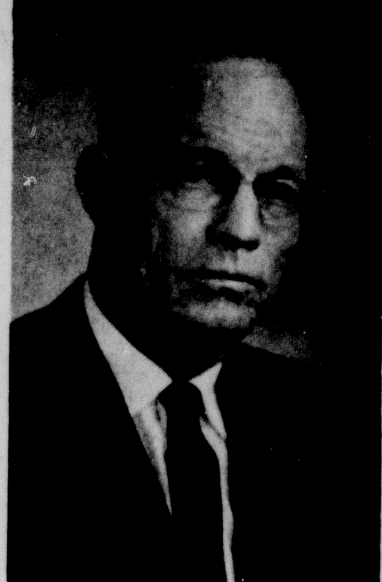

An independent business man, he now operates the J.M. Simpson Oil Co. at 1812 East 27th St. in Amarillo.

Simpson serves on the National Council of the Boy Scouts of America, representing the Llano Estacado Area on the High Plains in which 6,575 boys participate in 218 troops. There are 2,250 adult leaders involved.

He is also a member of the Southwest Area Council of the National Young Men's Christian Association. He headed the Amarillo Y.M.C.A. in 1958-59.

A long time worker in the Amarillo Chamber of Commerce, Simpson served as director in 1959-60 and has been chairman of the Highway Committee since 1960.

He was elected to the City

J.M. "RED" SIMPSON

commission in 1955 and served until 1961 when he did not stand for re-election.

While serving as city Commissioner, he represented the 18th Congressional District as a director on the Texas Municipal League board.

During Simpson's three terms on the Commission, he worked diligently for the Canadian River Dam, and it was during his tenure that the final contracts for the dam were negotiated with the 11 cities in the Canadian River Municipal Water Authority.

Completion of the extended runway for jet airplanes at Amarillo Air Force Base occurred during his terms, making the Amarillo runway one of the longest in the United States. Beautification and enlargement of the Amarillo Air Terminal was carried out.

Simpson's campaign statement of his first term of office--and later reiterated--was "I'm for everything that will build at a price we can afford."

"I'll stand on the same campaign promise for the State of Texas, but more business men are going to have to become involved in the planning of what will really be needed to build our great State, and concern themselves with the economical methods by which we can afford improvements. The day is over for deficit spending in government, local, State or Federal," he said.

Simpson is a member of the Polk St. Methodist Church, where he is a member of the board of stewards and chairman of the Commission of Education.

Mr. and Mrs. Simpson live at 2215 Bowie St., Amarillo. They have two sons, Wesley, who has returned from his Army service in Fort Lee, Virginia and is in business with his father; and Robert, who is a senior at the Amarillo high school.

Hammond Elected Chairman Of Randall County CROP

John Hammond was elected Chairman of the Board of Directors of Randall County CROP, at a meeting of the Board, held on Monday night at 7:30 p.m. in the Randall County Court House. The meeting was opened by the Rev. Norman Sundwell, Director of Texas CROP, whose office is in Austin, Texas.

Others elected were Vice-Chairman, Donald Olson; Secretary, Buford Sparks; Treasurer, Don Standley; Commodity Manager, Conway Kuykendall; Publicity Director, John Brazzil; Promotion Director, Dr. Strauss Atkinson; and Campaign Director, R. B. Gist, Jr.

CROP ("Christian Rural Overseas Program") sent a carload of wheat in 1954 from Randall County. The aim of the program is to send another carload of wheat to a relief area of the world, in 1962. Locally, the Santa Fe Railroad Company carries CROP wheat free of charge, as their contribution to this service of mercy.

CROP is the inter-church agency for community commodity appeal. It responds only to requests made for assistance, made by national Christian committees in stricken areas, to Church World Service, the agency which conveys the commodities to the nation where the emergency exists. The relief does not go to governments, but to the relief committees in the places (for example, Pakistan) set up by the churches of that area.

From the Panhandle, this past year, a car of wheat was shipped to Pakistan, where severe floods made the need for food an intense emergency. This car

was loaded at Panhandle, Texas, with appropriate dedication services. From Perryton, also this year, a car of wheat was shipped, partially to Algiers, where a drought was suffered, and partially to Austria, for the relief of refugees from Communist Europe.

While CROP is primarily a Protestant inter-church appeal, Roman Catholics can contribute to the appeal, and designate the particular area of need where the Roman Catholic Relief Agency serves, and the commodity will be faithfully conveyed to that agency and distributed, according to the contribution and the designation.

CROP deals in wheat as its basis of appeal in Randall County, but in other localities, it invites contributions of rice, cotton, and maize. In Randall County, grain sorghum may be given to the CROP appeal, which can be locally traded for wheat for shipment to areas of world need.

"CROP is a community appeal, stimulated by united Protestantism, in which each producer of farm commodities may fully participate, without any feeling that specific loyalties need be reduced or compromised," says the Rev. Mr. Sundwell, as he outlined the needs in 1962. "This is the program of the whole Christian Church, in which by cash and commodity, we can feed the hun-

Panhandle Man Enters House Race

PANHANDLE -- Marshall Sherwood, 26-year-old Panhandle attorney, announced today he is a candidate for the Texas House of Representatives from the 94th Floterial district on the Democratic ticket.

The 94th Floterial district is composed of Armstrong, Carson, Randall and Potter counties.

Sherwood, a conservative Democrat, stated he feels it is time for the State of Texas to put its financial house in order and run its affairs of state on a sound fiscal basis.

Of special interest to Sherwood are effective regulation of small loan companies, revision of the Texas rules of criminal procedure which he believes are keyed to protect the criminal element too greatly and revision of the Texas safe driving insurance plan.

Sherwood is a lifelong resident of Panhandle where he was active in athletics and extracurricular events while attending Panhandle Public Schools from which he was graduated in 1933. Honors received by Sherwood while in school included election as president of his senior class, co-captain of the football team, winner of several Amarillo Daily News scholarships given newsboys for use toward a college education, regional runner-up in extemporaneous

speech, state champion in high school journalism and winner of the American Legion Citizenship Award.

A graduate of the University of Texas, Sherwood received his BA degree in government and his LLB in Law. At the university, Sherwood was active in extracurricular activities and was manager of Oak Grove Coop, a club for independent students.

In his scholastic work at TU, Sherwood was on the dean's honor roll four semesters prior to entering law school and was on the honor roll one semester

in law school. He graduated seventeenth in his class in 1960.

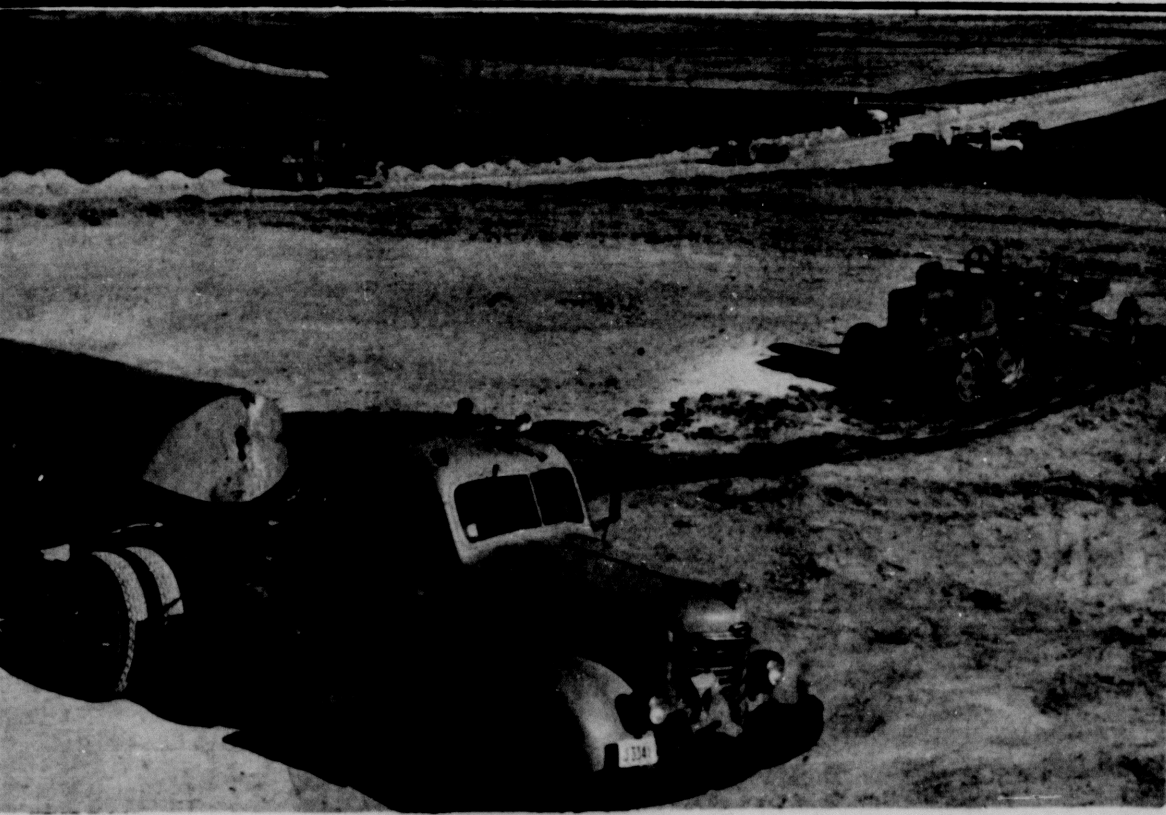

Sherwood became acquainted with the activities of the Texas Legislature while a student at the University at Austin and visited the law making body frequently to observe it in action. Some of his studies in law covered the legislature and its function and responsibilities under the American system of government.

In Panhandle, where he practices law, Sherwood is a member of the Church of Christ. He teaches a Sunday School class for high school and college students.

"I feel the best answer to stopping the spread of a welfare state and centralization of power in the federal government is to have a stronger state government," Sherwood said. "To this end I pledge my endeavors, if elected," he added.

Eagles Start Second Half

Wayne Rutherford Hits 27 Points Against Dalhart

Teamwork by the Canyon Eagles won them their first district basketball game against the Dalhart Wolves Friday night 82-39. The Eagles now hold a 1-2 record.

The Eagles barely got warmed-up for the game during the first quarter as they only scored 11 points this quarter to Dalhart's four. Probably one of the reasons for the Eagles being so cold on the court the first period was their adjustment to the dilapidated gymnasium at Dalhart. The temperature inside of the gymnasium as almost as cold as it was outside.

Dalhart's gymnasium is an old air force hanger, which was built in the early 40's and then converted to a gymnasium in 1946. The four heaters in the building were going full blast, but by the time the air would hit the spectators, the air would be cold.

After the Eagles got used to the near-freezing weather indoors, they racked up 27 points the second stanza, while Dalhart made only seven points, to give the Eagles a halftime advantage of 38-11.

It was clear sailing the rest of the contest for the Eagles and at the end of the third stanza, Coach Allen Simpson's quintet led 61-24.

During the game, the Eagles displayed their best teamwork all year. They passed the ball around and would give it to a player in the open. This is a major reason for three boys scoring in the double digits and three more of them making eight points apiece.

The CHS quintet controlled the backboards, grabbing 42 rebounds. This added to the defensive punch of the Eagles. Bob Begert and Wayne Rutherford got 12 each during the game to lead the Eagles in this department.

Top scorer for the Eagles was Wayne Rutherford who dropped nine field goals and nine charity tosses in the baskets for 27 points. This was the largest amount of points scored in a game by an Eagle this year. The previous high was set by Warren Rutherford against Tulia in the Plainview Tournament with 26.

Running account of the game with Dalhart.

Tally Sheet

By Marvin Ellis

Tomorrow night the West Texas Buffs travel to Abilene to play Hardin-Simmons and let's hope we don't get home-towned by the officials as the Cowboys did when they played here last week.

Leading the Buffs in the scoring department is George Scott, sophomore from McAdoo, who has scored 177 points in 13 games for an average of 13.1 points. The other top scorers from the WT quintet are Jim Curtissinger, 133 points; Sonny Blankenship, 115 points in 12 games; Jim Conner, 111 points; and Frank Schaffer, 84.

Schaffer has the best field goal shooting percentage with 45.8. He has made 33 shots out of 72 attempts.

Scott leads with the best percentage at the free throw lines with 34 made out of 40 shot.

His percentage is 85%.

Scottie Pierce leads in the fouling department with 42 and has been sent to the showers five times this year via the five foul rule.

David Seal will be making his first appearance in a WT uniform against the Cowboys since 1959-60 season. He was ineligible last year because of scholastic reasons. He started when he was a sophomore and was one of the team's fiercest competitors, so maybe he can help the Buffs in their remaining games.

Getting away from basketball for a moment, West Texas drew 63,157 fans at their five home games last season for an average of 12,631. This news helped Frank Kimbrough at the NCAA meeting in Chicago for future games. He spread the news around and dropped hints WT was in the "big leagues" in attendance.

In comparison with a release on college football attendance, WT didn't look as good as Arizona. This former Border Conference team drew 144,229 for an average of 24,038 fans per game. Arizona State, however, saw the gate turn 148,808 times for fans during six home appearances. This is an average of 29,364 per contest.

The ten top schools and their average attendance were Ohio State, 82,942 per game; Michigan, 73,561; Louisiana State,

man, Neal Thrasher, Ronny Hawthorn, Zeke Clements and Ronny Brock. Kyle won in the 65-pound class, while Neal took the title in the 95-pound class, Hawthorn in the lightweight weight, Zeke in the 155-pound class and Brock in the 126-pound class.

Canyon Boxers Win In Shamrock Match

Canyon boxers won five places in the Shamrock District Golden Gloves Tournament last weekend and three of these pugilist will enter the Regional Golden Gloves Tourney in Amarillo Jan. 30 and 31 and Feb. 2 and 3.

The three Canyonites will all enter the high school division of the Regional Tournament. Winning in the high school division at Shamrock in the lightweight weight division was Ronny Hawthorn, who won by default.

Zeke Clements won a decision over Corky Morse of the Tri-City Boxing Club for the 155-pound title. Clements pounded away at Morse during the three rounds, and he had Morse fighting for his life several times during the bout.

The other high school division entrant was Ronny Brock, who KO-ed Dickie Spence of Tri-City for the 126-pound title. Brock just started boxing in December and this quick learning boxer used only 55 seconds of the first round when he hit Spence with a right hook to KO him.

These three youths won jackets for their victories.

In the PeeWee fights, Neal Thrasher won the 95-pound title and Kyle Sunderman won the 65-pound title. They received trophies for their victories.

Max Sunderman lost out in the semi-finals in the 75-pound class of the PeeWee division. Boxing Coach Elmer Clements said the Pee Wees would

Must Beat Tulia On Their Court To Stay Alive

It will be do or die for the Canyon Eagles Tuesday night when they pick up their traveling bags and journey southward to Tulia.

The Eagles must beat the Tulia Hornets to stay alive in the district basketball race and game time is 8:30 p.m. Many carloads of parents, students and fans are planning on making the trip. In this decisive game for the Eagles, the more fans present and yelling for the team could be a great help.

In Canyon's opening district game, the Tulia Hornets made mince-meat of the Eagles on the CHS hardwoods, beating Canyon 61-42. The Hornets were lucky that game, postman Bob Begert was out of the contest and it upset the Eagles equilibrium until the last half, but it was then too late for the CHS quintet to make up for the first half.

This was the only game Begert missed this year and it took the Eagles the first half to adjust without him.

One good feature about the Eagles going into this contest, is the sudden scoring ability of Wayne Rutherford. He popped in 27 points against Dalhart for the season's top score by an Eagle. Wayne also scored 16 points against Dimmitt in last Tuesday's battle.

With Wayne Rutherford hitting the baskets with a deadly eye, along with Begert's ability to make the necessary points, the Eagles stand a good chance of beating Tulia there. Both these boys are leading the Eagles in another department, that of rebounding.

Harry Lisle is hot once again, as he scored 16 points against Dalhart's Wolves and with his added ability to hit, the Eagles have three men capable of hitting in the double digits. Late-

ly, Warren Rutherford has fallen off the scoring race, making only eight points against Dalhart and 11 against Dimmitt. Another player losing ground on average points per game is Ronny Harris, who made only eight points against Dalhart and five against Dimmitt.

Richard Green has been improving on the points scored, as has a sophomore, Don Breitling, who is making good progress.

The Eagles will have their hands full with Swinburn who scored 23 points against the Eagles in their district game. Caraway poured in 13 points and the rest of Tulia's team evened the points out to score 61 points against the Eagles. This victory for the Hornets made up for a humiliating defeat earlier by the Eagles in the Plainview Tournament. The CHS quintet soundly beat the Hornets 81-65.

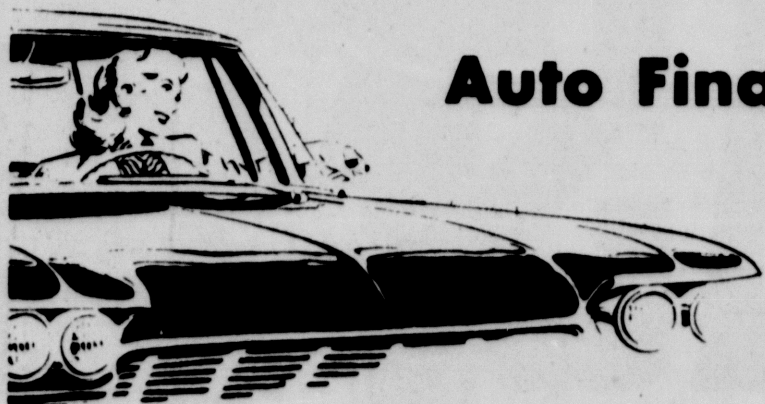

Tulia likes to run and shoot the basketball and they are deadly with their shooting, especially on their homecourt. They lost to Dimmitt in their season opener 66-68 on their homecourt and the Hornets will not be easy, as they just don't lose often at home.

If the Eagles continue to play as they did against Dimmitt and Dalhart, with a team effort, the CHS quintet might be able to squeeze by the Hornets.

Canyon needs this win to stay alive in the district race, in case Dimmitt should lose a game. If Canyon wins against Tulia and then wins the rest of their games, they would finish the season with a 6-2 record. Tulia stands a slim chance of beating Dimmitt there and if this should happen, the district could end in a three-way tie.

WEST TEXAS FRESHMAN team will host the Mass. Mutal All-Stars Tuesday night in their ninth game of the season. They have a record of four wins against four defeats. From left to right are

Coach Keith Blair, Vernon Welch, Neal Humphrey, Lannie McCravy, Bobby Roland, Dale Burrows, Jerry McGuire, John Bigby, Harold Cast and James Henry.

West Texas Plays Cowboys Saturday

West Texas State Buffaloes will face Hardin-Simmons in their third conference game Saturday night there. WT carries a 1-1 conference record into this contest.

WT lost to Arizona there and then edged out the Hardin-Simmons Cowboys here 64-60 Jan. 13.

Coach Metz LaFollette is happier than usual during a dismal basketball season. He will have the services of David Seal, 6' 3 1/2" guard from Childress, for the first time this year. Seal is a junior in classification and will play as a guard for LaFollette's quintet. He was a starter his sophomore

year, but had to lay out one season because of low grades. During his sophomore year, Seal scored 72 points and grabbed 80 rebounds.

LaFollette will probably start Sonny Blankenship, Jim Curt-singer, Scottie Pierce, Frank Schaffer and George Scott. It will be Feb. 10 before WT

plays another conference basketball contest and that will be against league leading Arizona State here.

Non-conference games being played before the Arizona tilt will be Oklahoma City here Jan. 29, McMurry here Feb. 2 and Oklahoma City there Feb. 5.

Eaglettes Win First District Game 37-30

Canyon's Eaglettes won their first district basketball game Friday night in a contest played at Dalhart. The CHS lassies

won 37-30 in the cracker-box gymnasium at Dalhart with the temperature almost as cold as it was outside.

Freshman Girls Lose 25-34

Canyon's ninth grade girls lost to Dimmitt's ninth grade lassies last Thursday 25-34 in a contest played here.

Kaydean Barnard was top scorer for the CHS team with 14 points, five field goals and four free throws. Jan Jarnagan was second top scorer for the Canyon team with eight points.

The Canyon lassies scored ten points the first quarter while Dimmitt made 12, but Canyon got cold and only scored two points the second period. Dimmitt scored nine and took a 21-12 halftime lead to the dressing room.

At the end of the third stanza, Canyon cut the lead one point, 17-25.

The freshmen girls travel to Dimmitt this afternoon for a game at 4 p.m.

Canyon trailed the first two quarters, but came back after a halftime talk to go ahead and win their first district contest. Dalhart went ahead by a lone point the initial period 8-7 and at halftime carried a three point lead to the dressing room 18-15. But Canyon came back and took a three point lead at the end of the third period, 28-25.

Top scorer for the game and for Canyon was Kathy Hinger with 22 points. She scored on seven field goals, which she made four of them the third quarter, and eight charity tosses. Kaydean Barnard scored seven points, Barbara Erwin, three and Lee Ruth Wiggins, one.

B Team Beats Dalhart Squad

Canyon's "B" team won their second battle with future district foes Friday night in Dalhart against the DHS "B" team 54-50.

Canyon took a two-point lead the first quarter, 15-13 and increased it to seven points by the time the second period was over. The score at halftime was 27-20.

At the end of the third period, the hometown Dalhart squad cut one point off Canyon's lead, 37-31, and the Dalhart "B" quintet almost pulled the game out of the fire, the last quarter.

Don Breittling scored 13 points to lead the Canyon "B" team, with Glen Metcalf scoring 11; Davis Price, 10; Bobby Evans, eight; Don Rhodes, six; Jim Whinnery, three and Eddie Poole two.

LAST QUAIL HUNT of the season for M.B. "Farmer" Brown and J.E. Thomas brought poor returns according to the bird hunters. They hunted near Childress last week and "Farmer" said, "the weather was cold and windy and the quail were wild and scarce, thus leaving the final days of the season as poor hunting days."

New Football Coach Named

Howard White, assistant football coach at New Mexico State the past two years, has been added to the West Texas State staff, according to head coach Joe Kerbel.

Dimmitt Beats Freshmen 43-36

The ninth grade boy's team lost a close game to Dimmitt's ninth graders last Thursday here 36-43.

Canyon took the advantage the first period, 11-9, but were tied up at halftime 21-21 by the visitors. At the end of the third period, Canyon trailed 29-36. Both teams made seven points the last quarter.

Top scorer for Canyon was Alex deSchweinitz with 11 points, while James Cabe made ten points for second high scorer. The Canyon ninth graders play Dimmitt there at 5:30 p.m.

Minor Accident Reported Tues.

A minor accident was reported by Canyon Police Department Tuesday afternoon at 12:05.

James Dale Brock was backing his 1958 Ford pick-up out of his drive-way and collided with a 1957 Ford, driven by Mrs. Peggie Turk.

No injuries were reported while \$200 worth of damages were reported to the Ford.

After the game, Ronny Harris and Richard Green were removing tape from their legs in the cold dressing rooms and body heat escaped from their legs in the form of rising steam. That's pretty cold in anybody's language.

Dalhart reminds me of a large part of the schools. They will have a new gym ready in March or April. Always on time.

UNITED STATES DISTRICT COURT FOR THE NORTHERN DISTRICT OF TEXAS AMARILLO DIVISION
 UNITED STATES OF AMERICA plaintiff, vs. 288.62 ACRES OF LAND, MORE OR LESS, SITUATE IN RANDALL COUNTY, TEXAS, AND D. ALTON B. MYERS, ET AL., Defendants.
 CIVIL ACTION NO. 2823 .
 NOTICE
 TO:

Anna W. Quigley and husband, Frank Kemp Quigley, Lee A. Ault and Charles A. Dana, Jr. and Unknown Owners.

You are hereby notified that a Complaint in condemnation has heretofore been filed in the office of the Clerk of the above-named court in an action to condemn the following estate in the lands described in Exhibit "A" attached hereto for public uses in connection with Amarillo Air Force Base, Texas, Randall County, Texas, and for such other uses as may be authorized by Congress or by Executive Order:

A term for years ending June 30, 1960, extendible for yearly periods thereafter at the election of the United States until June 30, 1985, by filing notice of such election to extend at last thirty (30) days prior to the end of the term hereby taken, or subsequent extensions thereof; together with the right to remove within a reasonable time after the expiration of the term hereby taken, or subsequent extensions thereof, any and all improvements and structures heretofore or hereafter placed thereon by or for the United States; subject, however, to existing easements for public roads and highways, public utilities, railroads, and pipelines; said estate is limited, however, to the following rights and reservations:

(a) Tract No. 100-1: The right to the exclusive use and possession of the land for the construction, operation, maintenance and repair of Air Force facilities.

(b) Tracts Nos. 100-4 and 102-2: The right to construct, operate, maintain, repair, patrol and remove an access road and overhead and/or underground monitor communication cable lines and overhead and/or underground electric transmission cable lines and other underground structures appurtenant thereto, in, upon, under, over, and across the land, together with the right to trim, cut, fell and remove therefrom all trees, underbrush, obstructions and any other vegetation, structures or obstacles within the limits of the right-of-way; Reserving, however, to the owners, their heirs, executors, administrators, successors and assigns, the right to use said roadway in common with the United States as access to their adjoining land.

(c) Tracts Nos. 100-2 and 101-1: The following rights in, on and over said land:

(1) The right to cut to ground level, to remove and to prohibit the future growth of trees, bushes, shrubs, or any other growth or undergrowth infringing upon, extending into, extending above or which could in the future infringe upon, extend into, or extend above a conical surface, the apex of which is at ground level in the center of the TVOR Facility within Tract No. 100-1, as shown on Schedule "B" and the radial lines of which are 1/2", measured angularly, above the horizontal.

(2) The right to prohibit the future construction of buildings or portions thereof, other structures or portions thereof, infringing upon, extending into, or extending above the conical surface hereinabove described.

(3) The right to remove all stationary metallic materials and objects from the surface of the land and, in the future, keep the land free from such stationary metallic materials and objects.

(4) The right of ingress to, egress from and passage on and over said land for the purpose of exercising the rights hereby taken for said public uses; Reserving, however, to the owners, their heirs, executors, administrators, successors and assigns all right, title, interest and privilege as may be exercised and enjoyed without interference with or abridgment of the rights hereby taken for said public uses.

(d) Tracts Nos. 100-3, 101-2, 102-1, 103, 104, 105 and 106: The following rights in, on and over said land:

(1) The right to top, cut from and remove the tops of trees, bushes, shrubs or any other growth or undergrowth infringing upon, extending into, extending above, or which could in the future infringe upon, extend into, or extend above a conical surface, the apex of which is at ground level in the center of the TVOR Facility

Former Canyonite Dies In California

Frank Garrett died Jan. 15, at his home in Santa Ana, California. He was born in Detroit, Texas, Sept. 21, 1894. Mr. Garrett and his family lived in the Lakeside Community, north of Canyon, from 1929 until 1940. He operated a farm and was active in community affairs, and was a member of the Canyon First Methodist Church.

Surviving are his wife, Eula, of the home, and four daughters, Mrs. Jacqueline Lawson, Santa Ana; Mrs. Laura Jean Coulter, Roselle Park, N. J.; Mrs. Frances Marie Stump, Orville, California; and Mrs. Nancy Elizabeth McCallam, Garden Grove, California, and 10 grandchildren.

Mr. and Mrs. Norman Glenn visited with Mr. and Mrs. Grant Pierce in Amarillo Sunday.

Mrs. D.R. Weaver and her sister, Mrs. H.U. Lee of Amarillo, have just returned to Canyon from a ten-day visit in New Orleans. The two women visited points of interest in and around New Orleans. They made their pleasure trip by plane.

within Tract No. 100-1, as shown on Schedule "B" and the radial lines of which are 1/2", measured angularly, above the horizontal.

(2) The right to prohibit the future construction of buildings or portions thereof, other structures or portions thereof, infringing upon, extending into, or extending above the conical surface hereinabove described.

(3) The right of ingress to, egress from and passage on and over said land for the purpose of exercising the rights hereby taken for said public uses; Reserving, however, to the owners, their heirs, executors, administrators, successors and assigns all right, title, interest and privilege as may be exercised and enjoyed without interference with or abridgment of the rights hereby taken for said public uses.

The authority for the taking is the Act of Congress approved February 26, 1931 (46 Stat. 1421, 40 U.S.C., 258a), and acts supplementary thereto and amendatory thereof, and under the further authority of the Act of Congress approved August 1, 1888 (25 Stat. 357, 40 U.S.C. 257); Sections 2663 and 9773 of Title 10, United States Code, which authorize the acquisition of land for military purposes, and the Act of Congress approved August 18, 1959 (Public Law 86-166), which act authorized acquisition of the land and made funds available for such purposes.

You are further notified that if you have any objection or defense to the taking of your property you are required to serve upon plaintiff's attorney at the address herein designated within twenty days after Jan. 18, an answer identifying the property in which you claim to have an interest, stating the nature and extent of the interest claimed and stating all your objections and defenses to the taking of your property. A failure to serve an answer shall constitute a consent to the taking and to the authority of the Court to proceed to hear the action and to fix the just compensation and shall constitute a waiver of all defenses and objections not so presented.

You are further notified that if you have no objection or defense to the taking you may serve upon plaintiff's attorney a notice of appearance designating the property in which you claim to be interested and stating the nature and extent of the interest claimed, and thereafter you shall receive notice of all proceedings affecting the said property.

You are further notified that at the trial of the issue of just compensation, whether or not you have answered or served a notice of appearance, you may present evidence as to the amount of the compensation to be paid for the property in which you have any interest and you may share in the distribution of the award of compensation.

You are further notified that trial by jury of the issue of just compensation is demanded by plaintiff.

A plan showing the land taken is annexed to the Declaration of Taking as Schedule "B" and made a part thereof, and filed in this proceeding.

Wayland Angel Announces For Re-Election

Randall County Judge Wayland C. Angel, 48, has announced his candidacy for reelection to office subject to the Democratic Primary.

Judge Angel has held the office since July 1, 1960, after being elected in the Democratic Primary in 1960 to fill an unexpired term.

"When I first ran for office I said I would devote full time to the office," Judge Angel said. "I have done this and will continue to do so. This has been a benefit to the people with the increasing demand for services from this office."

"The juvenile problems require a large portion of the time when handled properly."

"I believe my record in office will speak for itself," he continued. "The county has completed negotiations on the Washington Street overpass right-of-way and is presently concentrating on the loop right-of-way."

In pointing out other accomplishments made by the county during his tenure in office Judge Angel said the courthouse annex in South Amarillo is being enlarged for the convenience of county residents in that city.

This is the first public office Judge Angel has held.

He was born and reared at Groom and has been a resident of Randall County for 20 years. He attended West Texas State College.

Judge Angel has served on the Agricultural Stabilization Committee, Water Conservation Board and Board of Directors of Consumers Elevator.

He is married and has three children who attend Canyon schools. The family lives on a farm between Canyon and Amarillo. They are members of the First Baptist Church. (Paid Pol. Adv.)

Youngsters Publish Weekly Paper

THESE YOUNG FOLKS are members of the staff of The Eagle Star. In the front row are from left, Mike Bellah, Mary Starnes, Gayle Swatzell and Martha Hughes. In the back row are Phillip Swatzell, Jr., Charles Starnes and Becky Wright.

Canyon now has a second newspaper, The Eagle Star, edited by Mike Bellah and Charles Starnes and published by a group of their young associates. The Star is published every Thursday in the First Methodist Church.

The two editors are strictly businessmen. They went into the newspaper business, not to reform the town, but quite frankly to make some money. "We want to make enough to pitch a party by the end of school," Editor Bellah remarked candidly when asked for his motive in going into the publishing business.

The Star is mimeographed but it is a newsy sheet. It boasts both sports and general news. Mike says "ten or twelve" kids are associated in printing the paper.

Other than the editors, those of the staff include Becky Wright, Martha Hughes, Mary Starnes, Mark Olson, Jack Swatzell, Buddy Swatzell, Gayle Swatzell, John Lair and possibly others.

"Our circulation is about 225 right now," young Bellah reported. "We think we can make about \$20 by the end of the year and that ought to be enough to pitch a party. Shouldn't it?"

Myers Attends Dealer Meeting

E.M. "Mutt" Myers, international dealer here, has returned from a dealers' meeting in Chicago.

He made the trip by special train from Amarillo. Some 1200 dealers attended the meeting. About 62 new machines for 1962 were shown.

"We saw a lot of snow," Mutt reported, "All the way from Shattuck, Okla., to Chicago. We hardly saw the ground."

He told about cars being literally covered with the snow on the streets of Chicago.

Mrs. Bond At Beauty Clinic

Mrs. Jettie Bond attended a hair fashion clinic at the Her-ring Hotel in Amarillo Sunday.

Bert Markley and Dale Johns were guest artists. The new spring styles were shown at the clinic.

Mrs. Bond operates Jettie's Beauty Salon.

The public is invited to attend.

Fallout Booklet In Post Office

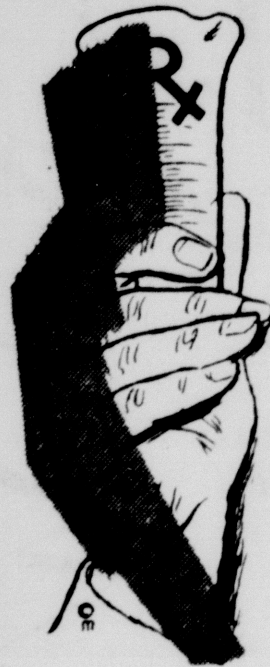

Post Master W.N. Higdon announced booklets were available in the post office on "Fallout Protection." He said the booklet would help a person know what to do if a nuclear attack ever occurs in the United States.

This booklet is free to the public.

He also said examinations for the Peace Corps would be held Feb. 17 at 8:30 a.m. at the Amarillo Post Office Building in Room 331.

Mr. and Mrs. J. A. Edwards spent Sunday visiting with their daughter and her family, Mr. and Mrs. Alton Wallace and children, in Crosbyton. Their granddaughter, Patricia Kay Wallace, returned home with the Edwards to spend the week.

Former Canyon Resident Dies

Mrs. J.W. Shanklin, 81, for many years a resident of Canyon, and a sister of the late Mrs. Ola Davis Hill, died in Houston Friday. Final rites were held Sunday in Belton.

John W. and Felda Davis Shanklin were married at Salado, Texas, in 1903, and went immediately to Mexico where for several years he managed a sugar plantation. Captured by bandits in revolutionary days he was held captive for a week.

Upon being released for a ransom he returned to Texas and after a short stay went to Puerto Rico as manager of a sugar plantation. After a few years there, the family moved to Canyon for the education of their three children, each of whom is an ex-student of West Texas State College.

Mrs. Shanklin was a graduate of the once renowned Thomas Arnold High School at Salado. She was a distinguished student in Latin and Greek under a Ph.D. from Vanderbilt. After Mr. Shanklin's death, she gave much of her time to writing and is the author of two books.

She is survived by two daughters, Mrs. Ira C. Jenkins and Mrs. Eugene Seastrand, both of Houston, and a son, John Harold Shanklin of Albuquerque. She had six grandchildren and one great-grandchild. Her niece, Mrs. Lemore Hill of Borger attended the funeral.

A pep rally was held Friday at 3:15 in the gymnasium. This was the first such affair during the basketball season.

It so happens that the three basketball teams that traveled to Dalhart were victorious in their games. Perhaps more student enthusiasm could encourage the teams to more wins.

The stone for the senior ring which will be worn by the seniors of the next five years is on display in the trophy case at the entrance of the school building.

The members of the 7, 8, 9, 10 and 11 grades will make final selection on the color of the stone they desire. They have

choices of red, blue, white or purple.

Class meetings were held Monday morning in order to elect the favorites in each class.

The Freshman Class elected Jan Jarnagin and Jody Sheets, while the Sophomore Class chose Karen Erwin and Wam Moore to be its representatives. Gayle Edes and Bobby Dorris were the selections of the Junior Class.

During the Senior Class meeting, not only were favorites, Ann Adair and Joe Whittington, chosen but also many other personalities were voted on by the class members.

Jane Jarrett and Ronald Osborne were voted as being the most talented. Most friendly are Barbara Erwin and Pat Bagley, while Marion Henson and Clark de Schweinitz were selected as most likely to succeed. Nancy Purcell and Leon Henderson were chosen as most courteous.

Wittiest of the Senior Class are Karen Brewster and Ralph Cabe, most athletic are Kathy Hinger and Ronnie Harris, and most versatile are Bonnie Jo Whittington and Ted Reece.

Most beautiful is Lee Ruth Wiggins, and most handsome is

Wayne Rutherford.

Earlier an Awards Committee for Drama, whose members are selected by Mrs. Margaret Foster, high school play director, chose these people to represent the Senior Class.

Judy Roberts was voted as the best actress and Ronald Osborne best actor. Other honors went to Bambi Green, best supporting actress, and Ronnie Harris, best supporting actor. Congratulations to the personalities of all the classes.

The Sophomore Class meeting on Monday morning was somewhat disrupted for awhile when a large mouse scurried about the floor in the gymnasium where the meeting was being held.

Class sponsor, Coach Allen Simpson, soon exterminated the creature and the class resumed the order of business.

Lynne Larson and Elo Meyers were chosen to play the lead characters in the junior play, "The Perfect Idiot."

Other characters will be portrayed by Elaine Louder, Bill Phillips, Bob Haggard, Larry Holman and Maggie Stephens. Jimmy Innes, Joy Harter, Frances Kiker and Harry Lisle will also take part in the play.

The play, a three act comedy by Eunice and Grant Atkinson, will be staged March 1 and 2. Director is Mrs. Margaret Foster, speech teacher.

We would like to extend our congratulations to Ann Warwick on having won the CHS 1962 Betty Crocker Search for the American Homemaker of Tomorrow contest. We hope you can go even further. Good luck!

FHA girls are working hard making preparations for the FHA banquet to be held February 3. The theme will be oriental with the colors of black and gold.

The FFA boys are also starting to discuss plans for the Parent-Son Banquet usually held in May.

The boys also are trying to get a joint FFA-FHA party set. Looks like they are really on the ball, and we're behind you all the way!

WT Exes New Board Holds First Meeting

Initial meeting for the new board of directors of the West Texas State College Ex-Students Association was held Friday night in the Ex-Student office on the campus of West Texas State. Joe Fortenberry of Amarillo heads the organization.

Other officers of the board include Frank Barrett, Hereford, first vice-president; and Don Standley, Canyon, second vice-president. Members include Murphy White, Canyon; Mrs. Harold Hagemer and Bill Brian, Amarillo; Fred Baird, Hereford; and Mrs. Leo Gardner, Tulia.

The association will resume publication of "The West Texan," Ex-Student newspaper, and the first issue in more than a year will be printed on Feb. 15. The board accepted the bid of Troy Martin representing the Southwest Offset Printing Company of Hereford for the printing contract. Vaughn Vandergriff, director of alumni records and publications, will edit the paper.

More than 17,000 West Texas Ex-Students are on the mailing list to receive communications from that office.

The publication was discontinued for the past year due to State legislation which cut off support to alumni associations in Texas. In the future Ex-Student Associations must operate independently with support from the members of these groups.

Various services of Ex-Students were discussed by the board, and future plans were made for the continued growth of the association.

Farm Labor Day Planned Friday

The next Farm Labor Day of the current series has been scheduled by the Texas Employment Commission for tomorrow according to an announcement by J.D. Roberson, Manager of the Amarillo office of the Texas Employment Commission.

Roberson reported that the Farm Labor Day held on Jan. 5, was hampered by bad weather and expected results did not materialize. Fifteen farm and ranch hands were on hand for the Farm Labor Day, but no Farmers or Ranchers contacted the TEC for workers.

"We are hoping that the weather is more cooperative on our next Farm Labor Day, and the response for the Farmers and Ranchers as well as the worker is better," said Roberson. "We would like to urge all farmers and ranchers who are contemplating a need for workers anytime in the near future to take advantage of the Farm Labor Days."

Plans now call for Farm Labor Day to be held every Friday during January and February and as needed in March and April. Location of the Texas Employment Commission in Amarillo is at 1020 West Sixth.

CANYON BUSINESS REVIEW and BUYER'S GUIDE

It was our pleasure recently to interview Mr. J.D. Bond, Paint Contractor. J.D. has been a painter all of his life, as was his father.

J.D. Bond came to Canyon about 10 years ago from Clarksville, Texas. J.D. likes Canyon and Canyon has been good to him. His operations have spread until he is now contracting all over the Texas Panhandle.

A matter of great pride with him, as it well should be is that "In the last 10 years, I haven't missed 5 days work, neither winter or summer!"

Since the building trade is not well known for steady employment, I should think this speaks well for his skill!

Bond works out of his home at 111 28th Street, and he may be reached there after 5:00 p.m. or by calling OL5-3495.

This week as we talked to Mr. Bond, he was in the process of painting one of Canyon's finest new office buildings.

As we watched he and his staff work, we were greatly impressed with the care and yet great speed they are able to accomplish. When this job is finished, it will certainly be a tribute to the expert workmanship which went into it.

In addition to painting, Bond does perlataping, textoning and paper hanging. He says he is "Able to handle any job, no matter how big or small!"

When planning your next painting job, why don't you call him? You'll be glad you did!

Exes Will Participate In CLASP

West Texas State College Ex-Students Association is participating in CLASP, and Vaughn Vandergriff, director of alumni records and publications, has returned from organizational meetings in Austin and Abilene.

CLASP is short for College Loyalty Alumni Support Program, and membership in the group includes 18 colleges and universities in Texas. Purpose of the organization is to promote

alumni activities for all of the schools in any town where the representatives are working. Any contributions made will go to the school for which they are designated.

Advance publicity in the form of newspaper articles, radio programs, store displays and billboard notices will precede the efforts of these representatives in the towns and cities which they plan to visit. Amarillo is on the list for next year.

Former Governor Allan Shivers heads CLASP in Austin, while Mrs. Ted Evans is the West Texas State chairman for that city. Dr. Hugh Ritch of Austin is vice-chairman. Abilene chairman for West Texas is Bud Gray, with Dr. Bill Miller as vice-chairman.

Green Serves In Far East

Second Lt. Hubert D. Green, 23, son of Mr. and Mrs. Harry Green, 1005 Seventh Ave., Canyon, recently participated with other members of the 7th Division Artillery in an Army Training Test in Korea.

Lieutenant Green and other personnel from the division's 31st Artillery were tested to determine the effectiveness and combat readiness of the unit. The test included the firing of an Honest John rocket.

Assigned to the 31st's Battery B, he entered the Army in April 1961 and arrived overseas in July from an assignment at Fort Sill, Okla.

Green is a 1956 graduate of Canyon High School and a 1961 graduate of West Texas State College.

Bobby Phillips To Arrive In Germany

Lt. Bobby Phillips was to arrive Tuesday in Germany and will be stationed with the United States Forces on the east coast, near Munich. His wife and son, Mark, will join him in Germany as soon as it can be arranged.

Mrs. Phillips and Mark will visit in Canyon for the present with her parents, Mr. and Mrs. C. F. Rogers, and with his mother, Mrs. Flora Phillips. Mrs. Bobby Phillips is the former Wanda Rogers.

GOES TO BROWNFIELD
Rev. Newton Starnes, pastor of the First Methodist Church, was in Brownfield the first part of the week attending a conference on evangelism. Later this week, he will work in the First Methodist Church in Big Spring, in a program of preaching and visitation.

FIRST CLASS WINNER in the dairy department with a heifer in the six to eighteen months old is Mike Henders. He won first place in the 15th Annual Junior Livestock Show.

Audiologist Views Stanford Facilities

While he was in California recently, David Lipscomb, audiologist for the Amarillo Regional Hearing and Speech Foundation, was able to view new equipment which had been installed at the Veterans' Hospital and at Stanford University. He also heard a talk on audiology by Dr. Hayes Newby, author of the text used at West Texas State College.

Similar equipment will be installed in the Hearing Center at West Texas State in April, making this center second only to the Houston Speech and Hearing Clinic located in the Houston Medical Center. With this equipment, tests for brain tumors can be conducted. This will be of great service to the people of the surrounding area who have in the past found it necessary to go many miles for these examinations.

Funds to buy the new equipment have been donated by a private foundation.

JAKE RALPH TUNNELL, Muleshoe senior, center, receives the Sheffy-Anderson History Scholarship at West Texas State College from the two former history professors the award honors. At left is Dr. Hattie M. Anderson, and on the right is Dr. L. F. Sheffy.

Muleshoe Senior Wins History Scholarship

Jake Ralph Tunnell, senior from Muleshoe, has been named winner of the Sheffy-Anderson History Scholarship at West Texas State College.

The award goes annually to the outstanding history or social studies senior, and is awarded in honor of Dr. L. F. Sheffy and Dr. Hattie M. Anderson, two retired WT history professors.

Tunnell, a history major, is president of the History Club and program chairman for the International Relations Club. He is a member of Alpha Chi, national honor society.

Bob Wilkinson returned Sunday from Oklahoma City where he attended a Horse Show.

Mrs. Jack McManigal was in Farwell the first of the week to visit in the home of her mother.

Rites Held For Woman's Father

Funeral services for Lee Fortenberry, father of Mrs. Raymond Raillard of Canyon, were held Saturday in the Lone Oak Baptist Church.

Fortenberry, who would have been 76 years old February 16, died Thursday in a Terrell hospital. He had been ill for about four months.

He was born in Lone Oak, and had been in the oil business until about 15 years ago, when he assumed farming and ranching. He retired about two years ago. His wife preceded him in death three years ago. Fortenberry is survived by

one daughter, Mrs. Raillard; one brother, Charles of Lone Oak; and three grandsons. Interment was in the Lone Oak Cemetery.

Mr. and Mrs. A. M. Cunningham are visiting in Seminole this week with friends and relatives.

Ted Reid of Fort Worth was here for the weekend. He is associated with an architectural firm in that city.

Edgar Tilcheck of Hereford was a Thursday evening visitor of the Arvin Triplett's.

Dawdy Now Leasing Randall Abstract

Through a lease agreement, Dick Dawdy has taken over management of the 60-year-old Randall County Abstract Company.

Dick has assumed the post formerly held by A.B. Holt. Holt has operated the firm since 1947. He will go into semi-retirement but will still work part time at the abstracting firm.

Holt came here in 1923 and went to work in the hay harvest. "I pitched hay until harvest was done and then went to work for George Jones at his service station," Holt related. "I put chains on about every car in town while I worked there. It was a muddy year."

Then Holt went to work for Wes Kleinschmidt. "We were operating a Model T freight line between Canyon and Amarillo."

When A.B.---as he is known---left that job, he operated Canyon's first Phillips 66 service station. He was elected county clerk in 1934 and served in that capacity until 1946. He then took over management of Randall County Abstract.

A.B. was born in Fowler County, Kentucky and moved to Ochiltree County, Texas in 1908 with his parents. His father was a farmer and stockman.

"I didn't get much schooling," said A.B., "but I still have a mental picture of the rear end of a mule. I got a team of mules tangled up in the harness one afternoon and it

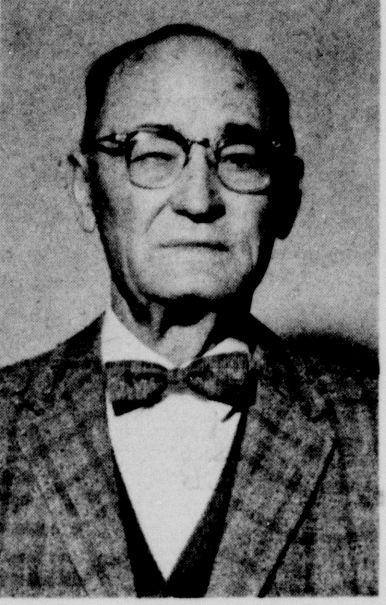

took all afternoon to get them loose."

The Holts have been active in civic and community affairs over the years. Mrs. Holt is a teacher in the Canyon School System.

Dawdy is a son-in-law of Holt. He attended West Texas State College and has been associated with Randall County Abstract for the past seven years.

**TELEPHONE TALK**
by Gene Adkisson, Manager

PERSONNEL CHANGES

I would like to introduce Don R. Carroll, who has been promoted to Wire Chief here in Canyon. Don, his wife Jean and their two children will be moving to Canyon in the near future.

Don Carroll started his telephone career as a frameman in Fort Worth in January 1951. He was transferred to Odessa as a switchman in February 1958. In August 1959 he became facilities engineer at Midland. Then he was transferred to Abilene in July 1960, as frame foreman, the position he held until his recent appointment to wire chief here.

Mr. Carroll received his Bachelor of Arts Degree from Texas Christian University. He is a member of the Presbyterian Church.

FROM THE MOUTHS OF BABES

After touring one of our central offices, a second grade class was given an assignment by their teacher. They were asked to write about the things they learned that day.

One little girl entitled her composition, "You Could Never Without Your Telephone." And that pretty well sums up the telephone's role in today's busy living routine, whether it's here in Canyon or in New York or Chicago.

She's right, you know. You could never without your telephone... you could never call a neighbor to exchange recipes or call for repairs or service, arrange get-togethers on the spur of the moment, chat with your family or friends located far from home.

Day in and day out, the telephone is a constant and faithful companion, giving you service that's useful, pleasant and necessary. Nothing else you use so often does so much. Or, to put it more simply -- you could never without your telephone.

HOT ITEM

The Princess phone is a hot item. This fact is evidenced by its popularity all over Texas. But recently things got a little hot for a Princess phone in one of our neighboring towns. A considerate young husband was leaving for work. His wife had been up with their new baby all night. He didn't want the phone to wake her.

So he tucked it efficiently into the oven. Later in the day, his lady turned on the oven to pre-heat it. When she started to put in her casserole, she found a melting Princess phone. What the husband forgot was that he also had a bell chime that could be adjusted to ring in any one of three ways -- with a soft bell, a loud bell, or a melodic chime.

(Editor's Note: Telephones are made to stand most bumps and tumbles. We heartily recommend that they not be cooked or baked for their most efficient use.)

Call by number. It's twice as fast.

Mr. and Mrs. Chester L. Mann of Amarillo are the parents of a baby boy born January 17.

OUR SOIL

The Randall-Potter Soil Conservation District assisted the farmers listed below on irrigation pipelines. The underground permanent irrigation pipelines will conserve water, prevent erosion that occurs in most open ditches, helps control Johnson grass, and will help in slowing row direction grade. It will also make irrigation easier and more profitable.

Underground irrigation systems prevent ditch loss from seepage and evaporation.

They are:
E. W. Miller, W.S. Simms, Jesse W. Hicks, K.D. Dixon, Ransom Bros., A.W. Lair, John M. Pickett, Anton Hollenstein, Donald Kimball, Max Hoffman, John A. Williams, Jack R.C. Vincent, James W. Cabe, Max Rarick, A.G. Attebury, Leroy Lamb, R.C. Sampson, Jr. and J.H. Rogers.

Diversion terraces were constructed on Fred W. Oberst farm, Blanche Harris and Leroy Turpin farms. These erosion control structures are graded so that they will safely carry the run-off from heavy

rains. The diversions discharge on grass pastures or in grass waterways.

If your land is washing or has some bad gullies forming contact your local Soil Conservation Service and they will assist you.
